

# Novel Romance Releases Bond-Inspired Anthem and Video "Golden Nights"

OMAHA, NE, UNITED STATES, March 6, 2025 /EINPresswire.com/ --

International rock band Novel Romance proudly announces the release of their latest single and music video, "Golden Nights." Inspired by the enduring allure of James Bond films, the track offers a fresh perspective on the legendary Bond Girl, celebrating her intelligence, power, and intrigue through evocative lyrics and a sultry, cinematic soundscape.

The song's genesis emerged after the band's composer, Brent Malnack, revisited classic Bond films, rekindling memories of his youthful daydreams of being the world's most famous spy. This sparked a question: Do young women ever fantasize about being a Bond Girl? When he posed the idea to Novel Romance's lead vocalist, Lucy R., she affirmed the undeniable appeal of these enigmatic female characters, inspiring the creation of "Golden Nights."

“

Bond Girls have always embodied elegance, intelligence, and strength—qualities that make them unforgettable,”

*Lucy R*

With Amazon now helming the Bond film franchise, Malnack hopes the legacy of the Bond Girl will be honoured and preserved, continuing their timeless role in cinematic history.

Novel Romance is a truly international band, uniting talents from across continents. While Brent Malnack (guitar, composer) and Tom Cannon (drums) hail from Omaha, Nebraska, Lucy R. (vocals) and Andres Blanco (keyboards) bring their artistry from Argentina, adding a rich, cross-cultural depth to the band's distinctive sound.

About "Golden Nights"

Fast cars and cold goodbyes.

Living on the edge, where hearts collide..."
