

# Higo Launches "Hi2Go": The Safe, Smart Way to Find Your Perfect Trip Friends

*New app connects adventure-seekers worldwide with verified profiles, shared interests, and safety-first features*

SINGAPORE, March 5, 2025

/EINPresswire.com/ -- Higo, a trailblazer in social travel technology, recently announced the official launch of [Higo: Find Travel Buddy Hi2Go](#), now available for download on Google Play. Designed for solo travelers, digital nomads, and explorers craving meaningful connections, HiGo redefines how travelers find companions by prioritizing safety, compatibility, and authentic shared experiences.

## Breaking the Ice, Not Trust

Solo travel is soaring in popularity, but safety concerns and loneliness remain barriers. Hi2Go tackles this with a three-step verification system, combining AI-powered profile checks, social media authentication, and optional ID verification. Unlike generic travel apps, HiGo matches users based on:

Travel styles: Backpacker, luxury seeker, or slow traveler? Find your tribe.

Interests: Foodies, hikers, history buffs, or festival-goers—connect over passions.
