

Food Service Market to reach \$6,810.86 Billion by 2032 | 2025-2032 CAGR 7.79%

Fortune Business Insights has published a new report titled "Food Service Market to reach \$6,810.86 Billion by 2032 | 2025-2032 CAGR 7.79%". The report provides a comprehensive analysis of the food service market, including market size, growth drivers, and regional trends.

JAPAN, JAPAN, March 5, 2025

/EINPresswire.com/ --

The Food Service Market is projected to reach \$6,810.86 Billion by 2032, growing at a CAGR of 7.79% during the period 2025-2032. The market size was \$3,486.58 Billion in 2024 and is expected to reach \$4,027.61 Billion in 2025. The market is driven by factors such as increasing disposable income, rising food costs, and changing consumer preferences. The report also highlights the impact of digitalization and the growing popularity of food delivery services. The market is segmented by type (Quick Service Restaurants, Full Service Restaurants, and Institutions), by service type (Takeaway, Dine-in, and Delivery), and by restaurant type (Chained and Independent). The Asia Pacific region is expected to be a major driver of growth, with a CAGR of 24.60% during the period 2025-2032. The market is also influenced by trends such as accelerating business through digitalization and increased spending on food consumed out of home.
