CAPE CORAL, FL, UNITED STATES, March 5, 2025 /EINPresswire.com/ -- Zotter Chocolates US announces the launch of their hand-scooped mini chocolate bars, introducing a scaled-down version of their acclaimed hand-scooped chocolate bars that have

captivated European chocolate enthusiasts for decades. Hand-scooped chocolate bars, pioneered by Josef Zotter in 1992, revolutionized the chocolate industry with their unique layering technique. These artisanal creations feature multiple layers of chocolate and fillings, hand-crafted using organic and fair-trade ingredients. The innovative process involves manually "scooping" chocolate onto a specially designed long table, creating distinct texture and flavor combinations that have earned cult status across Europe.
