

# Temecula Winnelson Expands Product Line to Include Sanitary Stainless Steel Solutions for Diverse Industries

*Temecula Winnelson expands offerings with Wayland Industries' sanitary stainless steel products, ensuring top hygiene for food, beverage & pharma industries.*

MURRIETA, CA, UNITED STATES, March 13, 2025 /EINPresswire.com/ -- Temecula Winnelson is pleased to announce the expansion of its product offerings to include a comprehensive range of sanitary stainless steel products including fittings, valves, tubing, and accessories.

These high-quality products, manufactured by Wayland, Industries, are designed to meet the stringent requirements of industries such as wineries, breweries, food processing, pharmaceutical manufacturing, dairy production, and personal care product manufacturing.

Stainless steel is renowned for its exceptional corrosion resistance, durability, and ease of cleaning, making it the material of choice for sanitary applications. Its unique properties prevent contamination and ensure product purity, which are critical factors in industries where hygiene and product integrity are paramount.

The new product line at Temecula Winnelson includes a variety of sanitary stainless steel components, such as fittings, valves, tubing, and custom fabrications. These products are manufactured to meet industry standards and are suitable for use in:

**Wineries and Breweries:** Ensuring the purity and quality of beverages by preventing contamination during production.

Food Processing: Maintaining hygiene standards in the preparation and packaging of food products.

Pharmaceutical Manufacturing: Providing sterile environments essential for the production of medications and medical devices.

Dairy Production: Facilitating the processing of milk and dairy products in sanitary conditions.

Personal Care Products: Ensuring the cleanliness and safety in the manufacturing of cosmetics and hygiene products.

"We are committed to providing our customers with top-quality products that meet the evolving needs of their industries," said Scott Thornton, owner of Temecula Winnelson. "Our new line of sanitary stainless steel products reflects our dedication to supporting businesses in maintaining the highest standards of cleanliness and efficiency in their operations."

For more information about Temecula Winnelson's sanitary stainless steel products, contact their sales team at (951) 894-4098 or visit their website.

Temecula Winnelson is a leading distributor of [plumbing and industrial supplies](#), committed to providing exceptional products and services to professionals across various industries. With a focus on quality and customer satisfaction, Temecula Winnelson offers a wide range of solutions to meet the unique needs of its clients.
