LOS ANGELES, CA, UNITED STATES, March 7, 2025 /EINPresswire.com/ --

The highly anticipated Backstage at Larsen's charity event at Larsen's Steakhouse Woodland Hills was a resounding success, bringing together

an incredible lineup of legendary musicians, special guests, and philanthropists to support a family affected by the recent Eaton Wildfire. The event, hosted in partnership with [For The Need Foundation](#) (FTN), featured a red-carpet experience with top-tier media coverage, followed by an electrifying live performance that left attendees in awe. Guests enjoyed an unforgettable evening of music, community, and generosity.

The night's entertainment included an unparalleled performance from some of rock's most celebrated musicians, Stephen Perkins (Jane's Addiction) Sean McNabb (Dokken, Great White) Robert Sarzo (Hurricane, GT, Queensrÿche) Neil Turbin (Original singer of Anthrax) Scott Page (Pink Floyd, Toto, Supertramp) and Mike Mangan (The Cult). Adding to the excitement, celebrity guests Corey Feldman and James Marsters made special appearances, further elevating the event's star power.

All proceeds from Backstage at Larsen's went directly to For The Need Foundation, using all the donations from the night to help a family recover from the devastations of the Eaton Fire in Los Angeles. All the proceeds from the engaging raffle at this event were donated to Gina DiMassa Cansino and her family, as they lost their house and belongings in the horrors of this Altadena fire. FTN chose to support this family due to their touching story and initiative. This organization has been instrumental in aiding this family, ensuring they receive the support they need during challenging times.
