

Medelco announces distributorship for Summus Class 4 Lasers in Canada

Medelco is now Canada's distributor for Summus Class 4 Laser, expanding its 40+ years of leadership in therapeutic equipment.

MISSISSAUGA, ONTARIO, CANADA, March 6, 2025 /EINPresswire.com/ -- Canadian-owned and based Medelco has announced its appointment as Canada's Summus Class 4 Laser distributor. With a strong presence for over 40 years, Medelco is recognized as a leading service provider of Therapeutic equipment, modalities, and treatment tables in Canada.

David Skippon, President of Medelco, states, 'We are thrilled to announce the distributorship of Summus Class 4

Laser Machines for Canada. Summus Class 4 machines have revolutionized the laser therapy process. Armed with a technology platform that delivers usage metrics across the user interface, they provide more power to the therapist to deliver accurately, precisely, and with more scope for the best possible outcomes.'

“

Summus Class 4 lasers stimulate cell regeneration at the molecular level, encouraging speedy recovery and reducing the downtime essential for recovery.”

Medelco launches Summus Class 4 Laser in Canada

Summus Class 4 Lasers with state-of-the-art Class IV laser therapy offer comprehensive results. These lasers deliver Photobiomodulation (PBM), a type of light therapy that encourages photochemical reactions in the body.

Summus Class 4 Lasers deliver a combination of wavelengths, pulsing, and power and induce therapeutic recovery. After laser administration, patients experience rapid pain relief, improved mobility, cellular recovery, and

Summus Class 4 lasers stimulate cell regeneration at the molecular level, encouraging speedy recovery and reducing the downtime essential for recovery. Laser therapy helps supply blood and oxygen to the affected areas, improving healing and leading to tissue regeneration.

Highlighting the key points of the Summus Class 4 range of laser machines, viz.,

Built-in and customized Protocols

The P4 system offers a built-in library of unique protocols for a vast range of conditions. It also allows the therapist to create and save need-based treatment programs. Doctors and therapists trust Summus Class 4 machines with their built-in protocols!.

Versatility in Treatment - 4 hand piece optics

- 50 mm broad beam - open lens
- 50 mm broad beam - curved contact lens
- 25 mm zoom - open lens
- 25 mm - curved contact lens

4 Wavelengths

The therapists have the following four wavelengths at their disposal

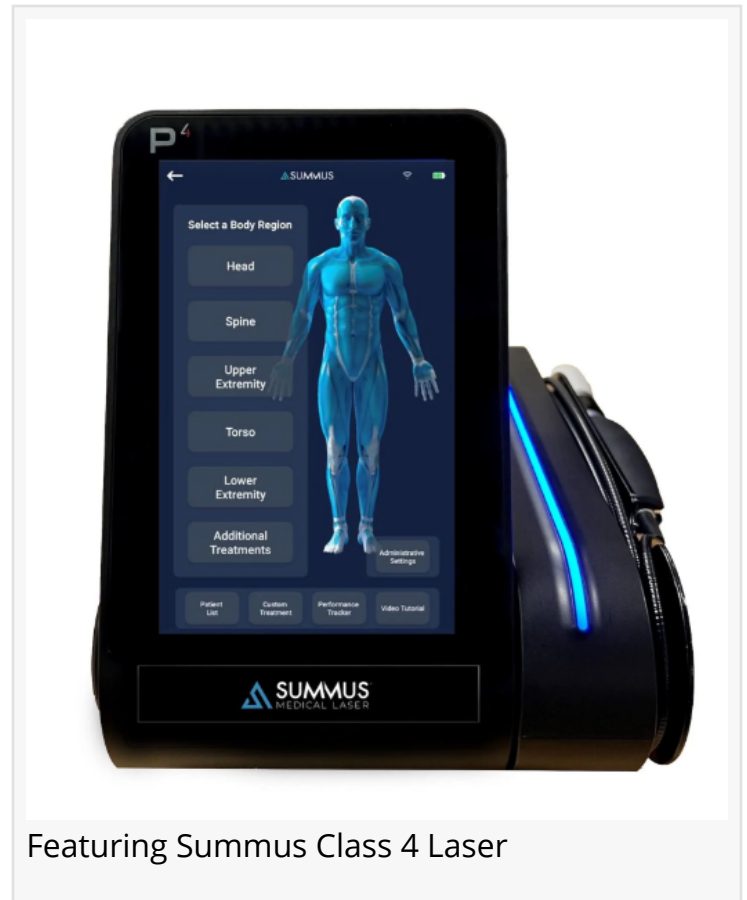

- 650nm - Targets Superficial Receptors
- 810nm - Increases ATP Production
- 915nm - Enhances Oxygen Delivery
- 980nm - Temporary Improvement in Local Circulation

In-Class Warranty

Summus offers a lifetime diode warranty along with a manufacturer's warranty of 3 years

Intuitive Interface

Its intuitive interface makes it easy to use and access, as the therapist can quickly set up a treatment protocol.

Featuring Summus Class 4 Laser

Optimal Power range

The Summus Class 4 range of laser machines is fortified with an optimal power range. They are capable of delivering safe, effective, and therapeutic treatment.

The in-built Performance Tracker in Summus Class 4 laser machines proves highly beneficial to laser therapists. It provides a real-time perspective on how to gain maximum effectiveness through laser treatment from both the clinic and the patient's perspectives.
