

# Shamrock Medicine Offers Integrated Mental Health Support

*Philadelphia-based primary care practice expands mental health services, combining traditional medical care with psychiatric support.*

PHILADELPHIA, PA, UNITED STATES, March 6, 2025 /EINPresswire.com/ --

[Shamrock Medicine](#), a boutique family medicine and psychiatric practice

serving the Greater Philadelphia area,

announces the expansion of its [integrated mental health support services](#) across its Philadelphia, Ambler, and Cherry Hill locations. This initiative combines primary care and psychiatric services under one roof, offering patients a more comprehensive and coordinated approach to their overall health.

The practice's innovative care model provides patients with text-based access to healthcare providers, virtual appointments, and in-person consultations, addressing both physical and mental health needs through a unified treatment approach.

"We recognize that mental health is an essential component of overall wellness," says [Dr. Peter Kelly](#), Owner and Spokesperson of Shamrock Medicine. "By integrating primary care with psychiatric services, we're creating a more efficient and effective healthcare experience for our patients."

Patients seeking care at Shamrock Medicine can benefit from a patient-first model that prioritizes accessibility, convenience, and personalized attention. Services include:

- Comprehensive primary care, including preventive check-ups and chronic disease management.
- Integrated psychiatric care, addressing anxiety, depression, ADHD, and more.
- Telehealth and virtual consultations, allowing patients to connect with providers from the comfort of home.

- Seamless coordination between primary care and mental health services, reducing the hassle of managing multiple providers.

The integrated care model is available at all three Shamrock Medicine locations: their main office in Philadelphia, their Ambler facility at 7 E Skippack Pike, and their newest location at 911 Kings Highway S in Cherry Hill, New Jersey.

Patients have responded positively to the integrated approach. "Dr. Kelly is one of the first doctors that truly made me feel heard! Highly recommended," shares Jazmine H., a current patient.

Another patient, Amina R., notes, "Dr. Kelly was amazing! Very attentive & authentic! I will be changing my primary care to him!"

The practice offers a wide range of services, catering to both physical and mental healthcare needs:

- Personal Primary Care: Including wellness visits, lab work, prescription refills, and home visits.
- Mental Health Services: Addressing conditions such as Attention Deficit Disorder (ADD), anxiety, and depression.
- Specialty Care: Offering treatments for testosterone deficiency, hair loss, and STD management.

Shamrock Medicine accepts a variety of insurance plans, including Aetna, Cigna, Highmark BCBS, Independence BCBS, Humana, Medicare, Tricare, UMR, and United Insurances. For patients without insurance, the practice offers discounted rates.

"Dr. Kelly was very helpful and super simple to schedule. Refreshingly easy visit," says Daniel N., highlighting the practice's commitment to accessibility.
