

Osmosis Unveils Newly Reformulated Illuminate Eye & Lip Protocol

The Illuminate Eye & Lip Protocol has long been a favorite among skincare professionals for its ability to enhance radiance and smooth fine lines.

NEW YORK CITY, NY, UNITED STATES, April 4, 2025

[/EINPresswire.com/](https://EINPresswire.com/) -- Osmosis, a pioneer in holistic skincare, proudly announces the launch of its newly reformulated Illuminate Eye & Lip Protocol, an advanced skincare solution designed to target delicate areas prone to dehydration and fine lines. This next-generation formula introduces a powerhouse of botanical ingredients that work synergistically to improve hydration, promote a youthful appearance, and support the skin's natural barrier function.

The Illuminate Eye & Lip Protocol has long been a favorite among skincare professionals for its ability to enhance radiance and smooth fine lines. The newly reformulated version builds upon its signature luminosity-enhancing power by incorporating an innovative blend of clinically proven ingredients, ensuring even greater efficacy in delivering moisture, firming the skin, and reducing the appearance of wrinkles.

"Our mission at Osmosis is to continuously evolve our formulations to provide the most effective and holistic skincare solutions," said Dr. Ben Johnson, MD, Founder at Osmosis. "With this reformulation, we have taken an already beloved product and made it even more effective for skincare professionals and their clients by integrating next-level ingredients that enhance hydration, skin barrier strength, and overall skin rejuvenation."

"Our mission at Osmosis is to continuously evolve our formulations to provide the most effective and holistic skincare solutions," said Dr. Ben Johnson, MD, Founder at Osmosis. "With this reformulation, we have taken an already beloved product and made it even more effective for skincare professionals and their clients by integrating next-level ingredients that enhance hydration, skin barrier strength, and overall skin rejuvenation."

Advanced Ingredient Innovation

The newly enhanced formula leverages nature's most powerful hydrators and skin-renewing agents to optimize results. Key ingredients include:

- Hydrolyzed Rhodophyceae (Nordic Red Algae) Extract – Sourced from the nutrient-rich waters of the Nordic region, this extract is packed with polysaccharides that deliver deep hydration while visibly improving fine lines and wrinkles.
- Tremella Fuciformis (Snow Mushroom) Extract – Known as a natural alternative to hyaluronic acid, Snow Mushroom helps skin retain moisture, enhances elasticity, and strengthens the skin's

protective barrier, offering both instant and long-term hydration benefits.

- Epiphyllum Oxypetalum (Queen of the Night) Flower Extract – This rare cactus flower, which blooms only for a few hours at night, has remarkable moisture-binding properties that help improve hydration at multiple skin levels, stimulate fibroblast activity for increased and enhanced overall skin firmness.

Elevating Professional Skincare Protocols

The reformulated Illuminate Eye & Lip Protocol is designed to seamlessly integrate into professional skincare solutions, offering estheticians and beauty professionals a high-performance solution that complements both in-office and at-home regimens. By delivering targeted hydration and skin renewal benefits, this advanced formula supports optimal skin health, making it an essential addition to any professional skincare lineup.

In addition to its innovative ingredient profile, this protocol continues to reflect Osmosis's commitment to holistic, non-toxic, and results-driven skincare. The updated formulation is free from harsh chemicals and synthetic fragrances, ensuring a gentle yet powerful experience suitable for all skin types, including sensitive skin.

Availability & Ordering Information

The Illuminate Eye & Lip Protocol is now available for beauty professionals looking to elevate their skincare offerings with cutting-edge, high-performance solutions.
