

# Vietnam Equestrian Club Launches Innovative Horse Ownership Program In Da Nang

*Own A Horse In Central Vietnam*

DA NANG, HOI AN, VIETNAM, March 7, 2025 /EINPresswire.com/ -- [Vietnam Equestrian Club](#) is excited to announce the launch of its new horse ownership program, offering locals the opportunity to co-own their own horse at a fraction of the cost. This unique program, described by club founder [Scott Smiledge](#) as a "timeshare for horses," allows individuals to have dedicated time with their own horse, personalized tack and gear, professional photoshoots, and classes on horsemanship and riding.

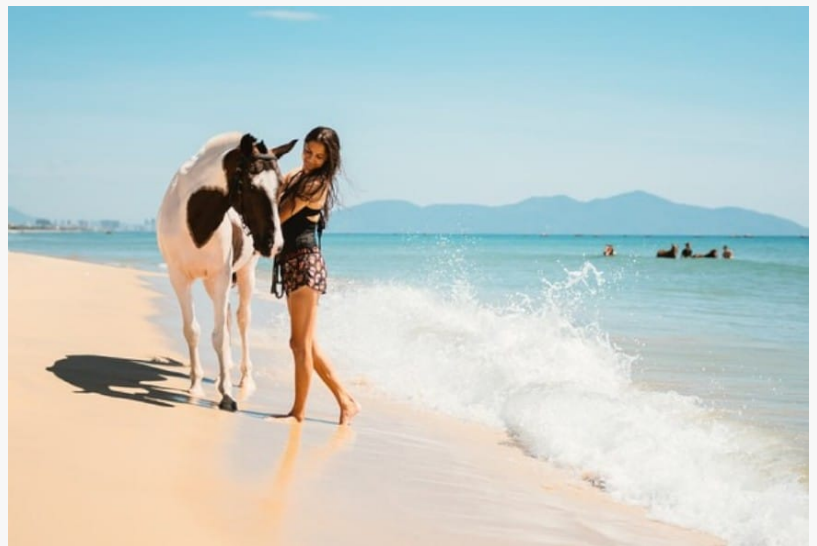

The program was created in response to the growing interest in horse ownership among the local community. With the rising costs of purchasing and maintaining a horse, many individuals cannot fulfill their dream of owning one. The Vietnam Equestrian Club's horse ownership program aims to make this dream a reality for more people by providing a more affordable and accessible option.

"We are thrilled to offer this program to the community," said Smiledge. "Horse ownership can be a costly and time-consuming commitment, but with our program, individuals can experience the joys of owning a horse without the financial burden. It's a great opportunity for those who have always wanted a horse but couldn't afford it."

In addition to providing a cost-effective option for horse ownership, the program also offers a range of benefits, such as personalized tack and gear, a professional photo shoot with the horse, and classes on horsemanship and riding. These added perks allow individuals to fully immerse
