CHARLOTTE, NC, UNITED STATES, March 7, 2025 /EINPresswire.com/ -- [Queen City Gastroenterology & Hepatology PC](http://QueenCityGastroenterology.com), a leading provider of digestive health services, proudly announces the addition of the [Spatz3](http://Spatz3.com) Adjustable Intra-gastric Balloon to its comprehensive weight loss solutions. This cutting-edge, non-surgical weight management tool is now available for individuals struggling with obesity and seeking a medically supervised path to sustainable weight loss.

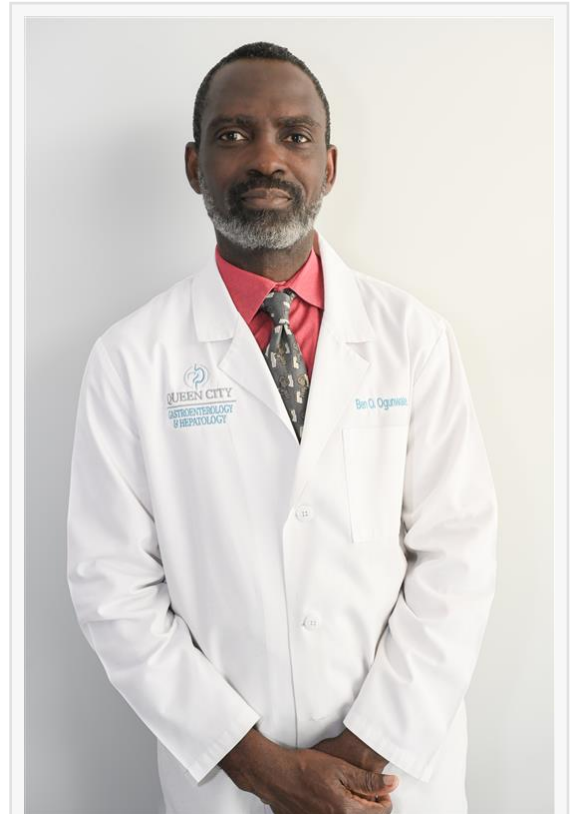

"We are excited to bring the Spatz3 intra-gastric weight loss balloon to the Charlotte area. Together, we'll take the first step toward a healthier, more confident you," said [Dr. Ogunwale](http://Dr.Ogunwale.com), Board Certified Doctor at Queen City Gastroenterology & Hepatology PC.

## The Spatz3 Intra-gastric Balloon

The Spatz3 Adjustable Intra-gastric Balloon is the first and only FDA-approved adjustable gastric balloon designed to help patients lose weight safely and effectively. Unlike traditional intra-gastric balloons, Spatz3 offers a unique adjustability feature, allowing for volume modifications to enhance patient comfort and optimize weight loss results over time. This advanced treatment enables patients to lose 15% to 17.7% of their body weight.
