

# SWiM Worldwide to Launch Fintech Platforms, Capturing Major Market Share

LONDON, UNITED KINGDOM, March 12, 2025 /EINPresswire.com/ -- [SWiM Worldwide](#) Pty Ltd is set to launch its suite of fintech platforms, with 7,390 global freight forwarders and 164 international container shipping lines already onboarded.

This highly anticipated rollout presents a unique investment opportunity ahead of a planned IPO within 12-24 months.

SWiM Worldwide's disruptive financial technology solutions are poised to transform the USD 1.3 trillion container shipping industry and the USD 80 trillion B2B payments sector. By addressing long-standing inefficiencies, SWiM's platforms are projected to generate an initial annual revenue of AUD 271.35M.

With a limited Pre-IPO equity offering of AUD 5 million for 5% ownership, this opportunity allows investors to participate in a game-changing venture before its global expansion.
