

CGM LABDAQ named 2024 Best Laboratory Information System

Rated top system based on substantial count of votes by industry professionals

AUSTIN, TX, UNITED STATES, March 11, 2025 /EINPresswire.com/ --

[CompuGroup Medical, Inc.](#), is proud to announce that [CGM LABDAQ](#) has been awarded the title of Best Laboratory Information System ("LIS") in the 2024 Best of the Medical Laboratory Awards by [Lighthouse Lab Services](#). This prestigious recognition highlights CompuGroup Medical's commitment to providing an exceptional user experience in laboratory information management.

- Best Laboratory Information System in the 2024 Best of the Medical Laboratory Awards by Lighthouse Lab Services, a leading and trusted end-to-end medical laboratory consulting firm

- Based on more than 1,600 votes from industry professionals

- Users highlighted intuitive interface, flexible reporting, comprehensive test managing, and excellent training and ongoing support

This year, the evaluation process involved extensive voting by professionals across the medical laboratory industry. More than 1,600 votes were cast, with participants ranking their top choices in various categories. The winners were determined based on the votes received, ensuring that only the most highly appreciated products and services were honored.

"We are immensely proud to be recognized as the Best Laboratory Information System for 2024,"

CGM Logo

said Benedikt Brueckle, CEO of CompuGroup Medical, Inc. "Our team has worked tirelessly to enhance CGM LABDAQ with innovative features that streamline laboratory operations and improve patient outcomes. This award is a testament to our dedication to excellence and the invaluable feedback from our users and leading industry partners such as Lighthouse."

CGM LABDAQ

Laboratory Information System

CGM LABDAQ Laboratory Information System

Ranked number one among the industry's leading LIS and LIMS software, CGM LABDAQ distinguishes itself with a range of standout features that have garnered praise from users:

- Flexible Reporting Options: Users appreciate the customizable reporting capabilities that allow for easy adjustments and tailored results to meet specific needs

“

This award is a testament to our dedication to excellence and the invaluable feedback from our users and leading industry partners such as Lighthouse.”

*Benedikt Brueckle, CEO, CGM
US*

- Intuitive User Interface: In their feedback, users highlight the system's friendly interface that simplifies user navigation, reducing the learning curve and increasing efficiency among lab staff

- Seamless Integration: CGM LABDAQ's ability to seamlessly integrate with other systems, including electronic health records (EHR) and billing software, delivers a significant advantage, facilitating better data flow across departments and organizations

- Comprehensive Test Management: The system is lauded for its robust test management features, enabling labs to

handle a wide array of diagnostics

- Strong Support and Training: Users laud the excellent support and training they receive, ensuring they can maximize the system's capabilities

The Best of the Medical Laboratory Awards celebrates the most innovative and effective solutions in the laboratory field, and CGM LABDAQ's recognition as the best in its category reflects its impact on laboratory workflows and patient care.
