

# Create Energy's Module Company, ReCreate to Deliver PV Modules to True Green Capital Management LLC

*Create Energy Delivering a Comprehensive One-Stop-Shop Suite of Solutions for the Renewables Industry*

PORTLAND, TN, UNITED STATES, March 11, 2025 /EINPresswire.com/ -- Dean Solon, Founder, CEO, President and Commander in Jorts at Create Energy, a leader in the renewables sector, is thrilled to announce a significant development for the company. Create Energy will supply ReCreate modules to funds and solar projects managed by True Green Capital Management LLC ("TGC").

Create Energy is thrilled to announce a strategic partnership with TGC aimed at sourcing an initial 5.2MW of ReCreate Modules for Commercial & Industrial (C&I) and Distributed Generation (DG) projects across TGC's extensive portfolio. This collaboration marks a significant step towards enhancing the sustainability and efficiency of energy solutions in the C&I and DG space.

Through this partnership, TGC will gain access to Create Energy's innovative products and comprehensive ecosystem of solutions. This one-stop-shop approach will streamline the sourcing process, ensuring that TGC can efficiently integrate cutting-edge energy technologies into their projects.

"We are excited to work with TGC to bring our ReCreate Modules and our other advanced energy solutions to their impressive portfolio," said Dean Solon at Create Energy. "This partnership underscores our commitment to driving the transition to sustainable energy and providing our customers with the highest quality products and components to achieve their renewable project
