Baratta commented, "The Albany NY Franchise is our second location in the Empire State joining Mobility City of Westchester. We now service residents in two of the state's metros with mobility equipment repair, rental, and sales, further helping to improve the quality of life of more mobility impaired persons."

Karen & Jeff said, "After witnessing our loved ones struggle with mobility challenges, we experienced firsthand how difficult it was to find trustworthy, high-quality durable medical equipment in the Capital Region of Albany, NY. The search for reliable products and services was frustrating, time-consuming, and often led to dead ends. This struggle inspired us to take action—not just for our family, but for others in our community facing the same challenges."

Debbie & Michael added, " Our mission is simple: to make it easier for individuals with mobility limitations to access the essential equipment they need to maintain their independence and enjoy life's precious moments. Whether it's attending family gatherings, running daily errands, or simply feeling more comfortable at home, we want to remove the barriers that stand in their way."

Mobility City Holdings Inc COO, Vincent Baratta, said,"We are thrilled to open our newest franchise in Albany NY Capital Region and to have owners Karen, Jeff, Debbie & Michael join the Mobility City network. Their experience in business management makes them the perfect fit to bring mobility equipment repair, rental and sales to people in the Empire State."
