

Hideaway at Royalton Blue Waters and Royalton Blue Waters Lead the Way in Sustainable Hospitality in Montego Bay

Hideaway at Royalton Blue Waters and Royalton Blue Waters Montego Bay are proud to announce their Green Globe recertification.

SANTA MONICA, CA, UNITED STATES, March 14, 2025 /EINPresswire.com/ -- The recently opened Hideaway at Royalton Blue Waters, An Autograph Collection All-Inclusive Resort – Adults Only, together with Royalton Blue Waters Montego Bay, An Autograph Collection All-Inclusive Resort are proud to announce their [Green Globe](#) recertification, an internationally recognized standard for sustainable tourism. This milestone underscores the resorts' dedication to minimizing environmental impacts while delivering world-class all-inclusive experiences in the heart of Montego Bay.

At the forefront of their sustainability efforts is a monthly beach cleanup initiative, which has successfully removed over 600 kg of inorganic waste annually. These cleanups engage staff, guests, suppliers, and local communities, fostering environmental awareness and preserving Jamaica's stunning coastline. Complementing these efforts, the resorts' comprehensive recycling program, in collaboration with Recycling Partners of Jamaica, has resulted in the collection and recycling of over 37,000 kg of cardboard, 270,000 kg of plastic, and 400 kg of cans each year.

The resorts also operate a tri-generation plant, which integrates cooling, heat, and power systems to significantly reduce their energy footprint. This advanced technology not only lowers carbon emissions but also enhances operational efficiency, ensuring consistent comfort for guests. The resulting energy savings allow for reinvestment in guest experiences, blending luxury with eco-consciousness.

Beyond environmental initiatives, the resorts actively support their communities. In 2024, they donated linens, clothing, school supplies, toys, food, and toiletries to local organizations, reinforcing their commitment to social responsibility. Staff training programs and awareness campaigns further drive a culture of conservation and engagement, extending the impact of these efforts beyond the resort's boundaries.

Green Globe certification reflects the highest standards in environmental management, community development, and conservation. By achieving this recognition, Hideaway at Royalton Blue Waters and Royalton Blue Waters Montego Bay continue to set a benchmark in sustainable tourism, offering guests the assurance that their stay contributes to meaningful environmental and social initiatives while delivering the exceptional luxury they expect.

This accomplishment underscores Blue Diamond Resorts, the management company behind these properties, for its leadership in sustainable hospitality and its mission to create positive change through innovative practices that align with the values of modern travelers.
