“

Tropical Bottled Water is more than just premium artesian water; it's a commitment to sustainability to reduce the use of single-use plastic bottles.”

Tropical Water

Pensacola, Florida, and Nassau, Bahamas Bristol Group, the leading beverage wholesaler in the country, have created a partnership to import their sustainable Tropical Spring Water Brand. By introducing their Tropical Spring Water Brand in eco-friendly, reusable aluminum cans to the islands, they are not only meeting the increasing demand for sustainable options but also providing a convenient choice for both residents and tourists.

This strategic partnership is positioned to have a positive impact by offering a more environmentally friendly

alternative to bottled water consumption and reducing the use of single-serve plastic bottles throughout the Islands. They will join other Caribbean distributors that already offer [Tropical Bottled Water](#) Brand on their Islands.

Daniel Rogers from MSPFLA said, "Bristol Distribution is exactly the partner we were looking for in the Bahamas. - a distributor with a robust network serving wholesale and retail channels throughout the Bahamas, plus a commitment to sustainable brands like our Tropical Water line. Tropical Water represents more than just premium artesian water in reusable, eco-friendly cans. Each sip offers the dream of a sandy beach while supporting environmental sustainability." Rogers' says.

Sandy Rolle, SVP of Bristol Distribution, shared her excitement: "This partnership aligns perfectly with our commitment to bring an alternative bottled water packaging to The Bahamas that our clients have been asking for. Once the container arrives, we will hit the ground running for our clients to make sure Tropical Water is on the shelves for both locals and visitors alike." By choosing Tropical Water, we're preserving our country's beauty and resources.
