Celebrating 60 years in business

2nd edition of KBC Tools & Machinery's catalog circa 1966 - groovy!

Over the 60 years in business KBC's offerings have created the cacophony of sounds of manufacturing to many of these facilities with the whirring, buzzing, pounding sounds of manufacturing, sawing, cutting, grinding, punching. Still, even with those sounds ringing out, the music from 1965 adds to the grooves from KBC's start. Here is a selection of the top songs from 1965 in The United States and Canada for you to machine, move, and groove to while joining KBC in celebrating 60 years of industrial distribution.
