

# Small Businesses in California Seek Expert Tax Preparation Support to Navigate Compliance Challenges

*California small businesses rely on expert tax preparation support to navigate compliance challenges and maximize tax savings.*

MIAMI, FL, UNITED STATES, March 13, 2025 /EINPresswire.com/ -- With the U.S. tax filing deadline rapidly approaching, millions of taxpayers, including thousands in California, are working to submit their returns accurately and on time. The IRS recently reported collecting \$104.1 billion in unpaid taxes, underscoring the importance of precise and timely filings. To address this, [tax preparation support services](#) have become essential, helping individuals and businesses navigate complex requirements, avoid errors, and ensure compliance with IRS regulations.

IBN Technologies: Expert in Outsourced Finance and Accounting Services

The rush to meet the deadline has led to a spike in last-minute submissions, increasing the likelihood of common errors such as misreported income, overlooked deductions, and unclaimed tax credits. These mistakes can delay refunds and potentially trigger IRS audits or unexpected financial liabilities. Experts emphasize that the final hours before the deadline are crucial, urging taxpayers to ensure accuracy to avoid complications.

The IRS recently expanded its Direct File system, introducing credits that could lower tax burdens for businesses and their employees. These include:

“

Accurate tax prep is crucial—minor mistakes can cause delays or audits. As deadlines approach, thorough reviews ensure compliance, prevent issues, and secure timely refunds.”

*Ajay Mehta, CEO of IBN Technologies*

**Child and Dependent Care Credit:** Offsets childcare costs for working parents.

**Premium Tax Credit:** Reduces costs for marketplace health insurance plans.

**Retirement Savings Contributions Credit:** Encourages retirement plan contributions while cutting taxable income.

**Health Savings Account (HSA) Deductions:** Lower tax liability through medical savings contributions.

Tax analysts caution that failing to claim these credits correctly could lead to reduced refunds or processing delays. Local tax professionals, especially in California, have noted a rise in inquiries about these credits as taxpayers seek clarity on eligibility and application. With the deadline

looming, taxpayers are advised to verify their eligibility and ensure accurate filings.

Recent natural disasters have prompted the IRS to extend tax filing deadlines for affected individuals and businesses across the U.S., including California, providing critical relief during challenging times. However, many taxpayers remain unaware of these extensions, risking penalties that could disrupt their financial operations. IBN Technologies is closely monitoring these updates to ensure eligible clients meet revised deadlines without unnecessary stress or oversight.

Millions of taxpayers across 14 states and two U.S. territories have been granted additional time to file, with deadlines varying by location. IBN Technologies reports that many affected taxpayers remain unaware of these extensions, increasing the risk of missed deadlines and penalties. Tax professionals urge eligible individuals to confirm their filing obligations and take advantage of the additional time.

"Taxpayers should thoroughly review all financial records before filing. Professional tax assistance can help prevent costly mistakes and ensure all eligible deductions and credits are properly claimed," added Mehta.

With the U.S. tax filing deadline fast approaching, IBN Technologies is providing critical assistance through its outsourced tax preparation support services. The company notes that last-minute filings often lead to errors such as unreported income, missed deductions, or unclaimed credits, which can delay refunds or trigger IRS scrutiny. To address these challenges, IBN Technologies' team of experts ensures accurate and timely submissions by meticulously reviewing returns, identifying eligible tax benefits, and minimizing the risk of mistakes.
