Royal 4 Systems, a leading provider of WMS and ERP systems, and BWISE, a division of Royal 4 specializing in SAP Business One integrated with the Royal 4 WISE WMS system, are excited to announce their participation in ProMat 2025, March 17-20, 2025, at Mc

ProMat 2025, the premier event for manufacturing and supply chain professionals, will provide a platform for Royal 4 Systems and BWISE Solutions to present their comprehensive suite of warehouse management and supply chain optimization tools. Attendees will have the opportunity to meet with these supply chain experts firsthand and discover the power of the WISE Warehouse Management System and its available integration with SAP Business One with BWISE, showcasing how these solutions can drive efficiency, accuracy, and profitability.

Royal 4 Systems and BWISE will showcase the capabilities of WISE WMS and BWISE, including:

- Inbound Functionality: Streamlining PO's, warehouse transfers, ASNs, returns, and eCommerce integrations.
- Internal Functionality: Tracking assets at the item level, ensuring real-time inventory control.
- Outbound Functionality: Optimizing order release, picking, packing, and shipping processes.

- Key Features: Receiving, assembly/kitting, QA, returns, putaway, cross-docking, inventory control, replenishment, locations, physical/cycle counts, load management, report generation and more.
- Integration: Seamless integration with SAP Business One creating a powerful end-to-end ERP solution.
- Technology: Utilization of the latest integration methodologies, including the Royal 4 Universal Adapter, and compatibility with most mainstream operating systems and databases.

About Royal 4 Systems

For four decades, Royal 4 Systems has been a trusted provider of integrated Supply Chain Software Solutions. Their flagship product, WISE Warehouse Management System, is designed to address the complex challenges faced by companies in managing their supply chains effectively. WISE WMS leverages the latest technologies and integration methodologies, including the Royal 4 Universal Adapter for Data integration, to provide seamless interfaces with mainstream operating systems and database systems. WISE WMS supports multi-language environments and offers comprehensive functionality for inbound, internal, and outbound warehouse operations.

About BWISE Solutions

BWISE Solutions specializes in delivering world-class, end-to-end ERP solutions that maximize distribution efficiency. With over 30 years of experience in distribution and manufacturing, BWISE understands the unique challenges faced by distributors, including supply chain disruptions, competitive pressures, and labor shortages. By integrating SAP Business One with WISE WMS, BWISE empowers organizations to streamline operations, embrace innovation, and enhance their reputation. Their expertise and deep industry knowledge enable them to speak the language of their clients and provide tailored solutions that meet their specific needs.

ProMat 2025 attendees are encouraged to visit Royal 4 Systems and BWISE at booth E11656 at ProMat 2025 to learn more about these innovative supply chain solutions.
