

BREAKING: OneAdvanced and Mondial Announce Partnership For Global Financial Reporting & Consolidations

This strategic collaboration integrates Mondial's cutting-edge financial reporting software into OneAdvanced's suite of financial applications.

ENGLAND, BIRMINGHAM, UNITED KINGDOM, March 16, 2025 /EINPresswire.com/ -- Birmingham, 24th February 2025: OneAdvanced, a leading provider of sector-focused software, today announced a strategic partnership with Mondial, bringing advanced financial reporting and consolidation capabilities to organisations worldwide.

OneAdvanced will integrate and rebrand Mondial's cutting-edge financial reporting software into its own suite of solutions, enabling companies to seamlessly consolidate multi-ERP financial data. Customers will benefit from enhanced financial visibility, streamlined compliance with multi-GAAP and IFRS standards, and support of multi-currency transactions, delivering a powerful, centralised hub for financial management.

Mondial offers a cloud-based financial accounting hub that creates its reports using transaction-level data from distributed group companies, even when they use different accounting systems or different versions of the same system. The collaboration will significantly benefit organisations managing complex financial structures by simplifying multi-entity reporting and improving accuracy in financial statements. By automating data consolidation across subsidiaries and integrating transaction-level data from multiple accounting systems, organisations can accelerate financial close cycles, reduce errors and enhance decision-making.

Matthew Muldoon, Vice President, OneAdvanced said: "As part of our evolution we are always looking for key relationships through which to offer our customers the best in terms of productivity and decision-support. Mondial offers us the opportunity to do that for all our
