

Stoelting Introduces High-Performance Mix-In Blender for Custom Frozen Treats

SHEBOYGAN, WI, UNITED STATES, March 19, 2025

/EINPresswire.com/ -- [Stoelting](#), a division of The

Vollrath Company and a leading manufacturer of frozen treat equipment, has introduced the Mix-In Blender, a versatile tool designed to efficiently blend mix-ins into soft serve, frozen yogurt, custard and milkshakes. Built for reliability and ease of use, the blender helps operators create customized menu items with consistent results while maintaining operational efficiency.

The Stoelting Mix-In Blender allows you to easily expand your menu with a variety of profitable dessert offerings. It gives your customers more variety and keeps them coming back for more.”

Kurt Vollmer, Product Manager at Stoelting

The Stoelting Mix-In Blender evenly incorporates toppings such as cookies, candies, nuts and fruit and ensures a uniform texture without over-processing. Its durable stainless steel construction, user-friendly controls and easy-to-clean design make it a practical addition to ice cream shops, restaurants and other foodservice establishments looking to expand their menu options.

Key features of the Mix-In Blender include:

- Adjustable Blending Speeds – Operators can fine-tune the

speed to achieve the desired consistency for various ingredients.

- Stainless Steel Construction – Provides durability and simplifies cleaning.
- Quiet, Smooth Operation – Designed to minimize noise in busy kitchen environments.
- Splash Guard – Helps maintain a cleaner workspace during operation.
- Optional Foot Pedal Control – Enables hands-free operation for improved workflow and efficiency.

“The Stoelting Mix-In Blender allows you to easily expand your menu with a variety of profitable dessert offerings,” said Kurt Vollmer, Product Manager at Stoelting. “Our blender allows you to give your customers more variety and keep them coming back for more.”
