

# Discover Innovation in Electrical Pipe Solutions: Ledes at the 137th Canton Fair

*Ledes will attend the 137th Canton Fair from April 23rd to 27th. Contact us to get a free ticket today! You will witness the new product release by Ledes.*

DONGGUAN, GUANGDONG, CHINA, March 18, 2025 /EINPresswire.com/ -- The 137th China Import and Export Fair (Canton Fair)—the world's most iconic trade event—is set to welcome global buyers from April 15 to May 5, 2025, in Guangzhou, China. With a legacy spanning 67 years and 136 editions, the Canton Fair remains the largest and most trusted platform for cross-border trade, attracting millions of buyers and exhibitors annually. In 2024, the 136th edition set a record with 253,000 offline overseas buyers from 224 countries and regions, alongside 450,000 online participants.

Building on this momentum, the 137th edition promises even greater opportunities, with 155,000 square meters of exhibition space and innovations across industries.

Ledes, a decade-long exhibitor and leading manufacturer of premium electrical conduits and building materials, invites you to visit our booth in the Phase II Building & Decoration Materials Hall (Booth: 11.2B43) to explore cutting-edge solutions that redefine safety, sustainability, and design excellence.

## Canton Fair 2025: Key Highlights

### 1. Phased Themes for Targeted Sourcing

- Phase I (Apr 15–19): Focused on Advanced Manufacturing, featuring smart factories, industrial

Ledes at 137th Canton Fair

automation, new energy vehicles, and cutting-edge electronics.

- Phase II (Apr 23–27): Dedicated to Quality Home Living, with Building & Decoration Materials, furniture, and household goods taking center stage. Ledes will showcase its certified electrical conduit products and new sustainable building solutions here.
- Phase III (May 1–5): Highlighting Lifestyle & Wellness, including apparel, textiles, toys, and healthcare products.

2. Premium Exhibitors & Innovation  
Over 43,000 enterprises will participate, including 8,000+ award-winning manufacturers recognized for innovation, green practices, and technological excellence. Ledes, as a 10-time exhibitor, will debut new products alongside its acclaimed certified conduits, reinforcing our commitment to quality and compliance with global standards.

3. Enhanced Buyer Experience  
Simplified badge pickup, pre-registration via QR codes, and an optimized online platform ensure seamless navigation.

Ledes: A Trusted Name in Building Materials

Ledes is a well-known supplier for [electrical conduit and fittings](#), with over sixteen years exploration and experience, it has been continuously updating and improving product innovation and quality, and is committed to providing safer solutions for electrical installations. Since our first participation over 10 years ago, Ledes has evolved into a global supplier in electrical conduit systems, trusted
