#### About Fusion Digital Assets:

Fusion Digital Assets combines TP ICAP's established expertise in operating venues and organising execution, with diversified liquidity from TP ICAPs global client base. The venue currently supports trading in Bitcoin and Ether against USD. Going forward, it will expand the assets it supports in line with client demand.

The venue's core elements include:

- Fusion – TP ICAP's proprietary, award-winning electronic platform – provides clients with a non-custodial cryptoasset exchange for order matching and trade execution;
- Partnering with industry-leading custodians, to provide independent safe keeping of clients' inventories and settlement services through a segregated model;
- An anonymous aggregation of streaming liquidity from worldleading market makers and uncorrelated liquidity from TP ICAP's global client base; and
- Operated by TP ICAP E&C Limited and registered with the FCA as a cryptoasset exchange provider.
