

Clarus Partners Expands AkuCalc Integrations, Enhancing Sales Tax Calculation Capabilities Across More Platforms

New integrations with FileMaker, Stripe, Great Plains, and BigCommerce empower more businesses with accurate, affordable, and automated sales tax solutions.

COLUMBUS, OH, UNITED STATES, March 19, 2025 /EINPresswire.com/ -- [Clarus Partners Advisors](#), a leading provider of indirect tax solutions, today announced the expansion of its flagship sales and use tax software, [AkuCalc](#), with four new integrations: FileMaker, Stripe, Great Plains, and BigCommerce. These integrations strengthen AkuCalc's ability to connect with a broader range of accounting, ERP, and e-commerce platforms. Allowing for this powerful sales tax automation to be accessible to even more businesses.

AkuCalc is a clear and user-friendly tax calculation engine that automates sales and use tax calculations across all U.S. jurisdictions. With this latest expansion, businesses using FileMaker, Stripe, Great Plains, and BigCommerce can now benefit from seamless connectivity and automated compliance—without the cost and complexity of traditional enterprise tax software.

"We're committed to delivering real value for businesses that need reliable tax automation without the heavy price tag," said Jeff Mallory, CEO of Clarus Partners Advisors. "These new integrations further our mission to simplify tax compliance for the companies that don't need overly complicated solutions but still want accuracy, flexibility, and affordability."

A promotional graphic for Clarus Partners. It features the AkuCalc logo (a red circle with a white plus sign) and the text "AkuCalc" in purple. To the right, it says "SOLUTION BY Clarus PARTNERS" in purple. Below this is the Clarus Partners logo, which consists of two overlapping orange circles above the text "Clarus PARTNERS" in purple. At the bottom, the tagline "Clear. Confident. Concise." is written in blue.

The four new integrations complement AkuCalc's existing connections with:

QuickBooks Desktop & Online

NetSuite

Epicor

WooCommerce

Microsoft Dynamics 365

SAP

With the addition of FileMaker, Stripe, Great Plains, and BigCommerce, mid-market and enterprise clients now have even more flexibility to implement a streamlined, scalable tax solution across their existing platforms.

AkuCalc is part of [AkuSuite](#), the only suite of indirect tax software solutions created and supported by experienced tax professionals. AkuSuite includes:

AkuCalc – Clear & Simple Sales And Use Tax Calculation Software

AkuCert – Clear & Critical Sales And Use Tax Exemption Certificate Management Software

AkuLicense – Clear & Comprehensive Business License Management Software

Together, AkuSuite provides a clear and concise ecosystem that combines smart software automation with professional expertise. It is the only tax software solutions in the industry created and serviced by tax professionals.

Why Businesses Choose AkuCalc:

Automated Accuracy: Calculate tax across all U.S. jurisdictions with built-in rule updates

Streamlined Workflows: Simplify reporting and remittance processes

Seamless Integrations: Connect with the tools businesses already use

Cost-Effective: A fraction of the price of traditional tax calculation software

Expert Support: Backed by real tax professionals—not just software engineers
