

AMIGOS INTERNACIONALES AND DOCTORS ON MISSION HOSTS MAJOR 3-DAY MEDICAL CAMP WITH SUPPORT FROM UGANDAN HEART INSTITUTE

Amigos Internacionales and Doctors on Mission will host a 3-day medical camp in Ogul, Uganda (March 28–31) with heart care from the Ugandan Heart Institute.

OGUL VILLAGE, UGANDA, March 18, 2025 /EINPresswire.com/ -- Kampala, Uganda – March 18, 2025 – Amigos Internacionales, in collaboration with Doctors on Mission-International, will host a three-day medical camp in Ogul Village from March 28 to March 31, 2025. The camp is expected to serve over 5,000 patients with general medical care, maternal and child health services, and infectious disease treatment.

A major highlight of this year's camp is the participation of the Ugandan Heart Institute. Their team of two adult cardiologists, two pediatric cardiologists, and support staff will provide heart screenings, diagnostics, and treatment, addressing the growing burden of cardiovascular diseases in rural Uganda.

“

Where Your Heart Meets
Their Hope”

Michael Ryer

"This partnership expands the scope of care we can provide," said Michael Ryer, CEO of Amigos Internacionales. "Specialized heart care is life-saving, and the Ugandan Heart Institute's involvement will make a lasting impact."

Doctors on Mission-International will bring a multidisciplinary team to provide comprehensive medical services, while Amigos Internacionales will cover the logistical costs, including medical supplies, food, and housing for the visiting doctors—estimated at \$30,000.

The camp will also offer follow-up care coordination for patients needing ongoing treatment. Supporters can contribute to the success of the camp through donations, which will directly fund supplies and medical services.

For more information or to support the camp, visit:
