

An Exciting New Addition to KBC Tools & Machinery's KING Industrial Lineup – Now In Stock

KBC Tools & Machinery introduces the KING KC-1440ML-2 14x40 Lathe with DRO.

MISSISSAUGA, ON, CANADA, October 9, 2025 /EINPresswire.com/ --

Ted Fuller, Vice President of King Canada, sums it up, "The best part: no complicated DRO installation. This lathe comes factory-installed with the fully functional 2-axis (X, Y) digital readout (DRO), saving everyone time and hassle right out of the box.

In turning and machining, accuracy is paramount. Now the best in metal lathes comes with the best in Digital Read-Out (DRO) precision. Intelligent calibration is a vital element to repeatable precision, and it is now included at a great price. Everything you asked for in a complete turning package!"

“

Intelligent calibration is a vital element to repeatable precision, and it is now included at a great price. Everything you asked for in a complete turning package!"

Ted Fuller, V.P. King Canada

No more guessing, no more drilling extra holes, no more potential mishaps. With the KC-1440ML-2, simply learn how to use the DRO and start machining. The setup is intuitive, and the machine is easy to operate – exactly what every machinist wants. Machinists worldwide know the headaches of bunging up a scale or adding unnecessary

holes when installing a DRO. Now, those worries are eliminated with factory install.

Key Features:

- 2 HP motor for high-performance cutting
- 2" spindle bore capacity for versatility
- Factory-installed Digital Readout (DRO) – saves time and money, fully functional out of the

box!

- No installation needed – just power up, learn how to use the machine and DRO, and start working
- Safety guard with limit switch protection for peace of mind
- Completely equipped: 7"-3 jaw chuck, 8"-4 jaw chuck, quick-change tool posts, steady rest, follow rest, D1-5 camlock faceplate, coolant system, thread chasing dial indicator, and more!
- CSA approved – eliminates electrical work or installation issues

The KING KC-1440ML-2 is available in Canada, and it is in stock at [KBC Tools & Machinery](#).

The benefits of factory installed DRO's:

- Ready to go right out of the box – just use the DRO and the machine!
- No extra costs or time spent on installing the DRO – it's been taken care of.
- Perfect for businesses looking to get up and running – avoid unnecessary downtime or installation headaches.
- Fully supported by KING with parts and service for the DRO and other components.

Visit KBC's Mississauga showroom today to see the KING KC-1440ML-2 up close or contact KBC for more details.
