Few law firms in the USA have the capabilities of the Gori Law Firm when it comes to compensation for people who have developed mesothelioma or asbestos exposure lung cancer.

"Power plant workers who were working before the mid-1980s probably had routine and in some instances daily exposure to asbestos on the job. The types of workers most at risk for asbestos exposure included maintenance workers, members of repair crews, subcontractors including plumbers, electricians, pipefitters, insulators or iron workers, and supervisors overseeing the repairs. There were literally no prohibitions for asbestos exposure for a power plant worker anywhere in the USA before the early 1980s.

"If your husband or dad has just been diagnosed with mesothelioma or asbestos exposure lung cancer and they worked at a power plant in Florida or anywhere in the USA please call the Gori Law Firm at 866-532-2106 to discuss compensation. The Gori Law Firm is one of the nation's most capable law firms when it comes to client compensation for mesothelioma or lung cancer caused by asbestos exposure." www.gorilaw.com
