“

Most every property owner, whether commercial or residential, needs a quality fence in the Northwest. Having a competent and affordable company build and install it is the ticket!”

Mike White

customer-first approach, the company delivers high-quality fencing solutions tailored to both homeowners and businesses.

High-Quality Fencing Materials for Every Property

Washington Fencing Company takes pride in offering a diverse selection of premium fencing materials, ensuring customers have the best options for privacy, security, and aesthetic appeal. Our commitment to quality craftsmanship is evident in every fence we install; using

only the most durable materials suited for the Pacific Northwest’s climate.

The team at Washington Fencing Company looks forward to serving you!

Cedar & Wood Fencing – Timeless and versatile, our cedar and wood fences are a favorite for homeowners looking to enhance privacy while maintaining a natural and classic look. Sourced from high-quality lumber, our wood fences are built to resist warping, rot, and decay, making them a long-lasting investment.

TREX & Vinyl Fencing – Our composite and vinyl fencing solutions offer low-maintenance, eco-friendly alternatives to traditional wood. TREX fencing provides the look of wood with superior durability, while vinyl fencing resists moisture, pests, and fading, ensuring a long-lasting, beautiful appearance with minimal upkeep.

Post-on-Pipe Fencing - This unique barrier elevates wooden posts off the ground by securing them to galvanized pipes embedded two feet deep in concrete. This innovative design minimizes wood-to-soil contact, preventing water absorption and reducing the risk of rot.

Ornamental Iron Fencing – Combining elegance with strength, this fencing solution provides sophisticated designs with unmatched durability. These fences are perfect for enhancing curb appeal while maintaining security.

Security Fencing – Designed for maximum protection, our high-security fencing options include barbed wire, anti-climb barriers, camera and motion detection options and reinforced steel fencing to safeguard businesses, industrial sites, and government properties.

Whether you need a decorative accent or a heavy-duty security fence, Washington Fencing Company ensures that every installation is performed with expert precision and built to last for years to come throughout the state of Washington.

Every fencing project is completed with precision, ensuring long-lasting performance and minimal maintenance for customers.

Best Pricing in Washington – Guaranteed!

Washington Fencing Company is committed to providing the best pricing in the state. The company will match or beat any competitor's quote for fencing services in Washington. Customers are encouraged to call our Washington fence company to discuss pricing or present a bid from a competitor.

Statewide Service & Custom Quotes

Homeowners and businesses across major cities and towns in Washington can take advantage of the company's custom fencing quotes tailored to their specific property needs. Whether in urban Seattle or rural communities, Washington Fencing Company ensures every project meets the highest standards of quality and design.
