

# A' Playground Equipment, Play Structures and Public Park Design Award Announces Comprehensive Prize Package for 2024

*Global Design Competition Unveils Comprehensive Prize Package to Recognize and Celebrate Excellence in Playground Design Innovation*

COMO, CO, ITALY, March 21, 2025

[/EINPresswire.com/](https://www.einpresswire.com/) -- The A'

[Playground](#) Equipment, Play Structures and Public Park [Design Award](#) has

announced its comprehensive prize package for the 2024-2025 competition period. The annual international award program, established in 2008,

recognizes outstanding achievements in playground design, play structures, and public park planning. This highly regarded accolade celebrates innovation and excellence in creating safe, engaging, and sustainable play environments that enhance community well-being.

The award responds to a growing global emphasis on creating inclusive, sustainable, and developmentally appropriate play spaces. By recognizing excellence in playground design, the competition aims to advance industry standards and promote innovations that address contemporary challenges in urban planning, child development, and community engagement. The award particularly emphasizes designs that combine safety, accessibility, and creative play value.

Submissions are welcomed across multiple categories, including playground equipment, interactive play structures, inclusive design solutions, and public park installations. The competition is open to playground designers, manufacturers, architects, urban planners, and design studios worldwide. Entries will be accepted until March 30th, 2025, with results announced on May 1st, 2025. The award specifically seeks projects that demonstrate innovation in safety features, sustainable materials, and interactive play elements.

Evaluation will be conducted through a blind peer-review process by an international jury panel comprising playground safety experts, child development specialists, architects, and design

professionals. Entries are assessed based on innovation, functionality, ergonomics, safety standards compliance, sustainability, and social impact. The rigorous evaluation process ensures recognition of truly exceptional designs that advance the field of playground development.

Winners receive an extensive prize package including the A' Design Award Winner Logo license, a prestigious trophy, and winner's certificate. Additional benefits encompass international exhibition opportunities, inclusion in the design yearbook, extensive media coverage, and participation in the gala-night celebration. The comprehensive prize package aims to provide winners with significant global exposure and recognition within the playground design industry.

The award program serves a vital role in promoting the development of superior playground equipment and play spaces that benefit communities worldwide. Through recognition of exceptional design work, the competition encourages innovation in creating environments that support child development, community interaction, and public well-being. This initiative reflects a commitment to advancing the quality of public recreational spaces globally.
