

# Hymas Family Dental: First in Spokane Valley to Introduce ECCOVISION Technology for Sleep Apnea Detection

*Dr. Chet Hymas introduces cutting-edge airway mapping to enhance patient health.*

SPOKANE VALLEY, WA, UNITED STATES, March 24, 2025 /EINPresswire.com/ -- [Hymas Family Dental](#) is pioneering the use of ECCOVISION technology to enhance the diagnosis and treatment of [Sleep Apnea](#). As the first dental practice in Spokane Valley to implement this advanced technology, [Dr. Chet Hymas](#) and his team are revolutionizing airway assessments for patients experiencing sleep-disordered breathing.

Dr. Hymas highlights the significance of early detection, stating, "Many people suffering from sleep apnea are unaware of their condition. With ECCOVISION, we can accurately assess airway obstructions and guide patients toward effective treatment options."

## A Cutting-Edge Approach to Sleep Apnea Screening

ECCOVISION is a state-of-the-art system that uses sound wave technology to create a detailed map of a patient's nasal and oral airways. This non-invasive diagnostic tool allows the team at Hymas Family Dental to:

- A) Detect airway obstructions early – Identifying sleep apnea before it leads to severe health issues.
- B) Improve treatment planning – Ensuring patients receive the most effective care options.
- C) Enhance overall wellness – Addressing the root cause of sleep-related breathing problems for

better long-term health.

## Commitment to Advanced Patient Care

Hymas Family Dental remains dedicated to staying at the forefront of dental innovation. By integrating ECCOVISION technology into their practice, they offer Spokane Valley residents a reliable, accurate, and non-invasive method for sleep apnea screening.

Dr. Hymas and his team encourage anyone experiencing symptoms such as snoring, daytime fatigue, or difficulty breathing during sleep to seek professional evaluation.
