Are you wondering how the [cranial fixation system market](#) has evolved in recent years and the projections for its growth?

“

The cranial fixation system market size is expected to see strong growth in the next few years. It will grow to \$2.18 billion in 2029 at a compound annual growth rate (CAGR) of 7.7%.”

*The Business Research
Company*

This cranial fixation system market has experienced robust growth in recent years. It has grown from \$1.50 billion in 2024 to an anticipated \$1.62 billion in 2025, showcasing a compound annual growth rate CAGR of 8.0%. This robust growth in the historic period has been driven by the rising incidence of traumatic brain injuries, an increase in neurological disorders, a growing demand for neurosurgeries, a surge in road accidents, and a rise in the incidence of orthopedic diseases. You can explore more market insights and trends through our sample report provided below:

Do you know what is expected to drive the cranial fixation system market going forward?

Impactful growth is expected in the next few years. This market is set to grow to \$2.18 billion by 2029 at a compound annual growth rate CAGR of 7.7%. The stimulating factors driving this forecast period growth include a rise in robotic-assisted surgeries, an increasing adoption of minimally invasive surgical techniques, a surge in cases of trauma and spinal conditions, a rise in

medical tourism, and an increasing adoption of deep brain stimulation procedures. Major trends in the forecast period include advancements in product development, a rising shift toward patient-specific implants, advancements in surgical techniques and materials, customization and patient-centric solutions, and a keen focus on personalized medicine.

Have you considered how rising traumatic brain injuries TBI influence the growth of the cranial fixation system market?

The escalating incidence of traumatic brain injuries TBI is expected to fuel further market growth. These injuries occur when an external force inflicts damage to the brain. The cranial fixation system stabilizes skull fractures and secures bone fragments in place, promoting proper healing and reducing complications in patients with TBI. To prove the severity, in 2022, approximately 3,263 individuals in Alaska sustained TBI, according to a report by the US-based government official website, the State of Alaska. The TBI-reported death toll stood at 264 individuals 36 per 100,000 population.

So, which major companies are shaping the cranial fixation system market?

Influential operators in the sector include Medtronic plc, Stryker Corporation, Zimmer Biomet Holdings Inc, Integra LifeSciences Holdings Corporation, Orthofix Medical Inc, 3D Systems Corporation, KLS Martin LP, Aesculap AG, Brainlab AG, B Braun Melsungen AG, Acumed LLC, Fin-ceramica Faenza SpA, Medyssey Co. Ltd, Micromar Indústria e Comércio Ltda, Medicon eG, Evonos GmbH & Co KG, DePuy Synthes Companies of Johnson & Johnson, Bioplate Inc, Jeil Medical Corporation, Adeor Medical AG, Changzhou Huida Medical Instrument Co. Ltd, NEOS Surgery SL, Osteopore International Pty Ltd, Xilloc Medical BV, Kelyniam Global Inc.

What are the latest trends in the [cranial fixation system global market](#)?

Companies in the market are developing innovative products to enhance the precision and safety of neurosurgical procedures. As an example, in July 2023, US-based medication company Stryker Corporation unveiled the Q guidance system with cranial guidance software, aimed at enhancing cranial surgeries by offering precise navigation and top-tier imaging capabilities along with improving surgical planning and accuracy.

How is the [cranial fixation system market segmented](#)?

The market segmentation is as follows:

- 1 By Product Type: Implants, Mesh, Plates And Screws, Other Product Types
- 2 By Indications: Brain Aneurysm, Brain Cancer, Hydrocephalous, Other Indications
- 3 By Absorbability: Non Absorbable, Absorbable
- 4 By End-User: Hospitals, Ambulatory Surgical Centers, Other End-Users

And subsegments:

- 1 By Implants: Cranial Implants, Biocompatible Implants, Custom Implants
- 2 By Mesh: Titanium Mesh, Polymer Mesh, PEEK Mesh
- 3 By Plates and Screws: Titanium Plates and Screws, Stainless Steel Plates and Screws, Absorbable Plates and Screws
- 4 By Other Product Types: Cranial Staplers, Cranial Drills, Cranial Fixation Accessories

Which region leads in the cranial fixation system market?

In 2024, North America held the largest market share. However, the report also covers findings from other regions, including Asia-Pacific, Western Europe, Eastern Europe, South America, Middle East, and Africa.
