New Sensation 20XII Flips the Script with Electrifying New Single, “Give It To Ya” – Out March 28

With a voice that commands attention and a presence that leaves an indelible mark, rising R&B sensation 20XII is back with another show-stopping release. Her latest single, “Give It To Ya”, set to drop Friday, March 28, 2025, offers a bold new perspective on love, opulence, and passion.

Originally penned by [songwriter](#) Alivia Blue, “Give It To Ya” was crafted from a male perspective—an anthem of devotion, where a man showers his woman with both material and physical affection. But when 20XII heard the track, she saw an opportunity to flip the script. With her signature sultry vocals and undeniable charisma, she breathes new life into the song, reimagining it from a woman’s point of view—boldly owning her desires and reveling in the power of receiving.

“I knew immediately this would be dope to sing from a woman’s perspective,” says 20XII. “It’s rare that we get to take control of the narrative, and I loved the challenge of bringing this song to life in a way that’s both confident and empowering.”
