

Riviera Dental Care Launches New Website, Elevating Patient Education and Accessibility with Innovative Online Resources

Riviera Dental Care launches www.RivieraDentalCare.com, a patient education website with videos, 24/7 live chat & online scheduling for dental care in Foley, AL

FOLEY, AL, UNITED STATES, July 7, 2025 /EINPresswire.com/ -- Riviera Dental Care, a premier dental practice led by Dr. Chance McLemore, Dr. JoEllen Havron, Dr. Jacob Baker, and Dr. Thomas Hanson, proudly announces the launch of its innovative new website. This digital platform is a significant step forward in dental patient education and accessibility, meticulously designed to support patients in understanding and managing their dental health effectively.

“

Our family at Riviera Dental Care is dedicated to providing exceptional care and personalized attention to each member of our extended family—our patients.”

Dr. Chance McLemore

Revolutionizing Patient Education Through Advanced Digital Tools

The cornerstone of Riviera Dental Care’s new website is its comprehensive suite of educational tools tailored to demystify dental procedures and promote oral health awareness. This initiative reflects our commitment to empowering patients with knowledge, allowing them to make informed decisions about their dental care.

Extensive Video Library: Our new website hosts an expansive [collection of video content](#), including detailed

tutorials and procedural walkthroughs. These videos are crafted by our expert dental team and provide clear, visual explanations of common dental treatments and techniques, such as filling cavities, dental hygiene best practices, and the steps involved in receiving [dental implants](#). This

resource aims to alleviate patient anxiety by familiarizing them with procedures before stepping into the dental office.

Weekly Educational Blogs: Updated weekly, our blog serves as a dynamic educational tool that delves into various topics, including the latest advancements in dental technology, practical advice for daily dental care, and deep dives into the science behind dental health. Each post is carefully written to be both informative and engaging, helping to keep our patients informed and enthusiastic about their oral health.

24/7 Live Chat Support: Understanding that dental questions and concerns can arise at any time, our website now offers a live chat feature. This tool connects patients directly with dental professionals who can provide immediate answers and guidance, thus extending our commitment to patient care beyond traditional office hours.

Dental Implant Quiz: To further enhance engagement, the site features a 30-second questionnaire that helps determine if mini dental implants are right for patients considering minimally invasive tooth-replacement options.

Empowering Patients Through Knowledge and Technology

With the launch of our new website, Riviera Dental Care is setting a new standard for patient engagement and education in the dental industry. We believe that an informed patient is an empowered patient. Thus, our digital resources are designed not just to inform but also to transform the way our patients perceive and approach their dental health.

Customizable Learning Paths: Recognizing that each patient's needs and interests are unique, our website offers customizable learning paths that allow patients to explore topics relevant to their own dental health.

Whether they are looking for information on preventive care, cosmetic options, or advanced dental treatments, our resources can be tailored to meet these diverse needs.

Dr. Chance McLemore

Dr. Jacob Baker

By integrating these advanced educational tools into our website, Riviera Dental Care not only enhances the patient experience but also reinforces our commitment to excellence in dental care and patient education. We invite everyone to visit our new website to explore these resources and learn more about how we can help achieve and maintain optimal dental health.

About Riviera Dental Care

Located in Foley, Alabama, Riviera Dental Care is dedicated to providing high-quality general, cosmetic, and minimally invasive implant dentistry. As a member of the Mini Dental Implant Centers of America (MDICA), our practice is built on the pillars of innovation, quality, and patient-centered care. This affiliation underscores our commitment to utilizing the most advanced techniques available in the field of dental implants and minimally invasive treatments, offering a unique blend of the latest dental technologies with a warm, personal touch.

Specialized [Mini Dental Implant Services in Foley, AL](#)

Riviera Dental Care is distinguished for its specialized implant services, including traditional dental implants, mini dental implants, and implant-supported dentures. These services are highlighted on our new website, which provides detailed explanations of each treatment option:

Traditional Dental Implants: Ideal for patients seeking a durable and long-lasting solution to tooth loss, these implants are designed to provide a foundation for replacement teeth that look, feel, and function like natural teeth.

Mini Dental Implants: These are less invasive, require less recovery time, and are typically more cost-effective than traditional implants. They are an excellent option for stabilizing dentures or replacing smaller teeth.

Implant-Supported Dentures: Combining the stability of implants with the full-arch restoration capabilities of dentures, this option offers enhanced comfort and functionality compared to traditional dentures.

In-Depth Profiles on Dental Experts

The website also introduces patients to the skilled professionals behind Riviera Dental Care:

Dr. Chance McLemore: An advocate for continuous learning, Dr. McLemore's expertise in advanced dental procedures is highlighted through his contributions to the video tutorials and blogs, sharing valuable insights gained from his extensive mission work and clinical practice.

Dr. JoEllen Havron: With a focus on aesthetic dentistry, Dr. Havron not only contributes to the educational content but also actively engages with patients, offering advice and answering queries about cosmetic dental options in-office.

Dr. Jacob Baker: Bringing a global perspective to local dental care, Dr. Baker enriches the website with unique insights from his international mission experiences, providing a broad view of dental health challenges and solutions.

Dr. Thomas Hanson: His long-standing experience and dedication are reflected in his detailed guides on preventive care and maintenance of dental health, which are essential components of the educational content on the website.

A Commitment to Continuous Improvement and Community Engagement

Recognizing the importance of staying current with technological advancements and educational methodologies, Riviera Dental Care continuously updates its content and features on the website. This commitment ensures that the community not only receives the most up-to-date information but also benefits from interactive and engaging methods of learning.

Explore Our New Website Today

Riviera Dental Care invites patients and the general public to visit the new website and explore the wealth of knowledge it provides. By making dental education accessible and engaging, Riviera Dental Care is dedicated to improving the oral health and overall well-being of its community.
