“As a compounding pharmacy, we work directly with patients and prescribers to provide the personalized medications and supplements needed for today’s advanced protocols” said Mike Boehmer, R.Ph., President of Melbourne Pharma. “For example, we can compound treatments for skin conditions that can eliminate the need for multiple medications or eliminate irritation caused by other products. For chronic diseases and aging, we provide critical energy and detox therapies, great options for weight loss, and many specialty items needed for advanced hormone, metabolic and immune therapies.”

“We hire locally, so our staff lives in Brevard County and knows our local medical community”, said Connie Torres, Operations Manager. “We are all very proud of our new pharmacy and are excited to offer such important services to patients here in Brevard and across the US.”
