

Har Mar Superstar Expands 2025 Tour With New Stops in Tokyo and Omaha

Har Mar Superstar has added new 2025 tour dates in Tokyo and Omaha, joining an already exciting spring and summer schedule including Boston and New York City.

MINNEAPOLIS, MN, UNITED STATES, March 28, 2025 /EINPresswire.com/ -- Har Mar Superstar is extending his already electric 2025 tour with two newly announced shows in Tokyo, Japan, and Omaha, Nebraska. These special performances add an international stop and a meaningful return to the Midwest, enriching a tour already packed with deep cuts, fan favorites, and unforgettable energy.

Newly Added Tour Dates:

- April 1 – Tokyo, JP @ Tower Records Shinjuku
- June 20 – Omaha, NE @ Reverb Lounge

The Tokyo stop marks Har Mar's long-awaited return to Japan, sparked by the unexpected local popularity of his latest album *Roseville*.

"Tower Records was selling many copies of my latest album *Roseville* at their Shinjuku location in Tokyo," Har Mar said. "It grew something of a word of mouth cult following, and when they heard I'd be in town we decided it'd be a great treat to play a solo performance in the store and sign copies of the album. A local promoter helped put it all together. I can't wait to see everyone! I've been obsessively brushing up on my Japanese."

Omaha holds a special place in Har Mar's musical journey, and his June performance at Reverb Lounge will be a homecoming of sorts.

"Omaha is a really important place to me and the development of my music," he said. "I wrote many early Har Mar songs there with the guys from The Faint and spent a lot of time immersed in the very thriving scene they cultivated starting in the mid-90s. I've always loved playing
