

The 2025 Tax Hiring Outlook

MOUNT PLEASANT, SC, UNITED STATES, April 17, 2025 /EINPresswire.com/ -- Introducing the 15th annual Tax Hiring Outlook (THO), brought to you by TaxTalent, TaxSearch, and TaxForce. This report is the only tax hiring survey that utilizes the largest database of U.S. tax professionals to gather findings from senior tax leaders within U.S. corporate tax departments. Participants provided data on hiring trends, market conditions, work policies, succession planning, and outsourcing practices for 2025. These findings offer critical guidance for tax, HR, and financial leadership, helping organizations navigate the evolving tax hiring landscape.

Each year, the THO evaluates the accuracy of past predictions while offering actionable guidance to navigate the evolving tax landscape. For 2025, the profession faces a pivotal moment: increased salary inflation pressure, a rapidly shifting demographic landscape, growing talent shortages, mounting complexity in global compliance, and much more!

These insights aim to empower tax professionals with the knowledge and strategies needed to thrive in a volatile and increasingly complex environment. Here are the top 5 key takeaways for 2025:

1. Hiring in 2025 & Top 3 Functional Areas
2. Salary Inflation Pressures
3. Work Policy
4. Succession Planning & Retirements
5. Outsourcing/Interim Staffing
