Interstate Advanced Materials Los Angeles

“

Interstate Advanced Materials Los Angeles' core mission will always be to earn and maintain the trust of the local community.”

Robert Reynolds, Los Angeles Solution Center Manager

Established in 1980 as Interstate Plastics, the company started in Sacramento with a mission to support the growth of local businesses. To better serve Southern California, it expanded to Los Angeles in 2012. In 2022, the company rebranded as Interstate Advanced Materials, reaffirming its commitment to cutting-edge material solutions while expanding its capabilities to include CNC machining, fabrication, cut-to-size services, custom parts, routing, and more.

[Interstate Advanced Materials Los Angeles](#) works closely with [key industries in Southern California](#), including semiconductor, packaging, agriculture, and manufacturing. Through excellent turn times for plastic machining and fast local shipping options, Interstate Advanced Materials Los Angeles delivers dependable material solutions to help businesses improve efficiency and reduce costs.

As part of its mission to be the most trusted distributor of advanced materials, Interstate Advanced Materials Los Angeles upholds core values of honesty, integrity, curiosity, passion, continuous improvement, and responsiveness. Its team of material specialists offers expert guidance and personalized support, helping Southern California businesses succeed.

“Interstate Advanced Materials Los Angeles’ core mission will always be to earn and maintain the trust of the local community,” said Robert Reynolds, Los Angeles Solution Center Manager. “While we supply materials, our greater purpose is to foster growth and opportunity for Southern California businesses.”

With over 40 years of experience, Interstate Advanced Materials continues to provide innovative material solutions that help businesses boost productivity, enhance operations, and remain competitive in a constantly evolving marketplace.
