

# Smart Lockers Just Got Smarter: LapSafe® Debuts AI-Driven Asset Verification

*LapSafe® launches ONARKEN®AI\*, the world's first AI-powered smart locker system, marking a new era in intelligent storage, asset management, and automation.*

UNITED KINGDOM, March 28, 2025  
/EINPresswire.com/ -- Revolutionising Asset Management, IT Services, and Secure Storage with Game-Changing AI Technology

[LapSafe®](#), the industry leader in smart locker solutions, has launched [ONARKEN®AI\\*](#), the world's first AI-powered smart locker system, marking a new era in intelligent storage, asset management, and automation.

ONARKEN®AI introduces cutting-edge AI-driven content verification, ensuring that every asset, IT device, or parcel is correctly stored, loaned, and returned—without manual intervention. This game-changing innovation eliminates human error, enhances security, and streamlines workflows for businesses, educational institutions, and organisations worldwide.

Redefining Smart Lockers with AI Intelligence

Designed to seamlessly integrate with IT service management (ITSM) tools, ONARKEN®AI takes

AI-Powered Smart Locker

# LapSafe®

Industry-leading experts in Smart Lockers and Storage and Charging Solutions

# ONARKEN®

Cloud-based management software, ONARKEN®, combines all software services in one centrally managed suite of applications. An innovative solution with highly customisable features.

automation, security, and efficiency to the next level. Key features include:

- AI-Driven Asset Verification – Ensures the correct items are dropped off, loaned, or collected.
- Intelligent Automation – Accurately processes returns, reducing errors and manual admin.
- Unrivalled Security – Real-time access logs, remote monitoring, and AI confidence thresholds.
- Seamless Integration – Connects with existing IT service management (ITSM) tools.
- World-First Innovation – The only smart locker system powered by AI for ultimate efficiency.

LapSafe®'s pioneering technology means organisations can now manage assets, IT support, and parcel handling more efficiently than ever before, all while reducing operational costs and enhancing user experience.

## A New Era of Smart Storage

"As the pioneers in smart locker solutions, LapSafe® has always been at the forefront of innovation," said Mark Exley, Director at LapSafe®. "With ONARKEN®AI, we are delivering an unparalleled level of intelligence, security, and efficiency to help organisations transform their workflows and automate critical processes. This is the next evolution of smart storage."

## Experience the Future Today

LapSafe® is inviting businesses, universities, and IT service providers to experience ONARKEN®AI in action.
