With the increasing reliance on technology in the field service industry, downtime can have a significant impact on businesses. However, Solarvista's dedication to maintaining a flawless platform has resulted in zero downtime for its clients, ensuring smooth operations and uninterrupted service delivery.

This remarkable achievement is a testament to Solarvista's continuous efforts to improve and enhance its platform. The company's team of experts works tirelessly to monitor

and maintain the platform, ensuring that it remains stable and reliable for its clients. This achievement also reflects the company's commitment to providing the best possible service to its clients, enabling them to focus on their core business operations.

Solarvista's CEO, Andrew Pyott, expressed his excitement about this milestone, stating, “We are extremely proud to have achieved 100% uptime for our platform. This is a testament to the hard work and dedication of our team, and it reinforces our commitment to providing reliable and seamless service to our clients. We will continue to strive for excellence and set new standards in

the industry.”

Solarvista’s achievement of 100% uptime is a significant milestone that sets a new benchmark for reliability in the field service management industry. With this accomplishment, the company has solidified its position as a global leader in providing cutting-edge solutions that empower businesses to thrive.

Combined with Solarvista's 2-in-1 architecture, which provides ready-made field service management facilities AND a no-code [application platform](#), enterprise customers can achieve maximum business agility and customisation on a platform with, literally, zero downtime.
