

HBS Named Best Residential Construction Project Management Software by the 2025 BUILD Design & Build Awards

Santa Claus, Indiana-based software developer awarded 'Best Residential Construction Project Management Software'

SANTA CLAUS, IN, UNITED STATES, March 28, 2025 /EINPresswire.com/ -- HBS (Home Builder Solution) is proud to announce that it has been recognized as the 'Best [Residential Construction Project Management Software](#)' by the prestigious 2025 BUILD Design & Build Awards.

Each year, the BUILD Design & Build Awards celebrate industry leaders who demonstrate innovation, efficiency, and excellence in construction and design. HBS has been honored for its cutting-edge approach to project management, financial oversight, and workflow optimization – helping [residential contractors](#) streamline operations, reduce costs, and enhance client satisfaction.

“This award is a testament to our commitment to delivering powerful, user-friendly software tailored to the needs of residential builders,” said Mark Bulleit, Owner and Director of Technology at HBS. “We’re thrilled to be recognized for our impact on the industry and will continue to enhance our platform to support residential builders in delivering quality projects on

Home Builder Solution Award

time and within budget.”

HBS’s award-winning cloud-based platform features advanced Business Heartbeat™ monitoring, a next-level CRM and customer portal, and an industry-leading [takeoff tool](#), all designed to simplify complex workflows and improve project visibility from start to finish.

The advertisement features a blue header with the Home Builder Solution logo. Below the header, the text "We Are The Residential Contractors'" is written in a cursive font. A large orange brushstroke contains the text "WORK MANAGEMENT SOLUTION" in bold, uppercase letters. The central image shows a desktop monitor, a laptop, and a smartphone, all displaying the Home Builder Solution software interface. The desktop monitor displays a 3D house model with various components labeled, such as "Drywall", "Cabinets", "Electrical", "Plumbing", "HVAC", "Roofing", "Foundation", "Exterior Siding", and "Interior Siding". The laptop and smartphone also show the software interface, which includes a calendar, a list of tasks, and a dashboard with various charts and graphs. The text "Home Builder Solution Software" is written below the image.
