

Medina Glass Block Expands Presence in Canada: Seeking Distributor for Glass Block and GlassWalk Flooring Ahead Tariffs

As demand for glass block, glass brick, and structural glass flooring rises in Canada, Medina Glass Block seeks a distributor to support its market presence.

MEDINA, OH, UNITED STATES, March 28, 2025 /EINPresswire.com/ -- As demand for [glass block](#), glass brick, and [structural glass flooring](#) continues to rise in Canada, Medina Glass Block is seeking a stocking distributor to support its expanding market presence. With upcoming tariffs expected to impact supply chains, the company is taking proactive steps to ensure Canadian architects, designers, and builders have consistent access to premium glass materials.

Medina Glass Block is the parent company of The Glass Block Supply Company, GBA Architectural Products + Services, and GlassWalk™, the premier brand of walkable glass flooring. Through its commerce platform [glassblocksupply.com](#), The Glass Block Supply Company sells glass block across the U.S. and Canada, while GBA Architectural Products + Services specializes in consulting, design, engineering, fabrication, and installation of high-end structural glass solutions.

Glass Block and Structural Glass Flooring Gaining Momentum in Canada

Medina Glass Block has played a pivotal role in high-profile Canadian projects, including WeWork Toronto and the M4 mixed use retail and apartments, where its structural glass flooring and premium glass block solutions have been used to create visually striking and functional architectural elements.

“Canadian architects and developers are increasingly choosing glass block and structural glass flooring for their durability, aesthetic appeal, and ability to enhance natural light in both commercial and residential projects,” says Steve Boesch, Vice President of Medina Glass Block. “With anticipated tariff changes, now is the time to establish a local distribution partner who can maintain stock and provide seamless access to these sought-after materials.”

Expanding Distribution for Growing Demand

The rising popularity of [glass block walls](#), partitions, facades, and walkable glass floors highlights the evolving use of these materials in modern architecture. From residential interiors to large-scale commercial projects, glass block and structural glass are being reimaged in innovative ways.

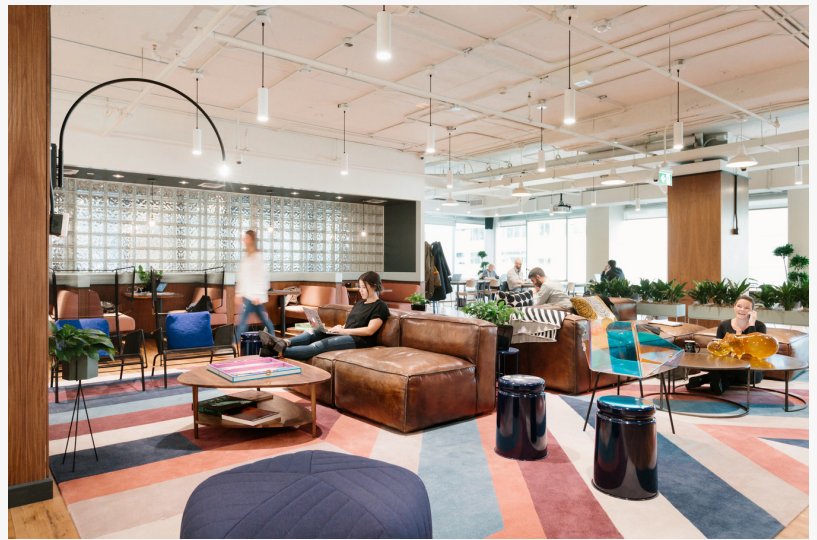

Medina Glass Block invites potential distributors in Canada to explore partnership opportunities and support the growing market demand. Interested distributors can contact Steve Boesch | Vice President, Medina Glass Block steveb@gbaproducts.com for more details.
