

The Classic Tiffany Chair Still Popular For Melbourne Winter Weddings and Corporate Events

Leading Melbourne chair hire company confirmed that wedding & event planners prefer hiring the Tiffany Chair for guests to sit on.

MELBOURNE, VIC, AUSTRALIA, March 29, 2025 /EINPresswire.com/ -- In an exclusive interview with [Metro Cities Media](#), leading Melbourne chair hire company confirmed that the trend is continuing to grow for weddings and event planners to prefer [hiring the Tiffany Chair for guests to sit on](#).

Wedding Chair Hire

The tiffany chair, also known as the Chivari chair, is the most elegant event chair available for hire. This chair is the most sought after for weddings and engagement parties in Melbourne. The Chivari chair can transform a wedding or conference setting, offering pure beauty and comfort. For those wanting a more modern look than the traditional white or gold tiffany chair hire, the clear tiffany chair, especially for wedding receptions is increasing in popularity.

The modern Tiffany chair look is very much in line with its original design crafted in 1855. They look extremely stylish, are very practical and exceptionally comfortable to sit on for long periods, as required for corporate and celebratory events.

Lavish events held across Victoria, and other states of Australia, require large numbers of tables and chairs. Event organisers have been able to accommodate this by engaging specialist hire companies like [Chair Hire Melbourne](#) to provide tiffany chairs and tables needed for their events.

The Tiffany chair was designed in 1807 by Italian designer Giuseppe Gaetano Descalzi. The designer lived in the town of Chiavari, on the north-western Italian coast. Because of its design

origins, the chair is also known as a Chiavari chair.

The chair was accepted as a great design then that became known as the tiffany chair and brought rise to many factories opening in Chiavari and surrounding towns. Today it is still seen as an elegant chair to suited to compliment regal events and is now manufactured globally.
