

World's First: NOCCI and ERIC Introduce Dimensional Energy Work to Activate the Pineal Gland and Awaken the Third Eye

A Breakthrough in Human Consciousness: Remote Energy Work Unlocks the Third Eye and Initiates Dimensional Contact

MUNICH, BAVARIA, GERMANY, March 31, 2025 /EINPresswire.com/ -- International spiritual leaders [NOCCI](#) and her soul partner ERIC have co-created a revolutionary form of dimensional energy work that activates the pineal gland, awakens the [Third Eye](#), and initiates contact with higher realms of consciousness.

Over the past two years, more than 20,000 people have experienced life-changing results from their sessions and courses. Students report:

Vivid visions appearing behind closed eyelids

Sudden astral travel and [quantum jumping](#) experiences

Intense synchronicities, especially the recurring number 369

Direct contact with multidimensional beings and higher guidance

Their signature Channeler Certification Course shows a stunning success rate: over 99% of participants experience inner visions and intuitive awakening after just a few sessions.

Remote Energy, Global Impact

Based in Germany, NOCCI and ERIC perform remote energy transmissions to clients across Japan and worldwide. Their work dissolves energetic blocks, activates spiritual gifts, and supports the planetary awakening.

"NOCCI and ERIC – Third Eye Activators Leading the Multidimensional Awakening

Now, they are going global—starting with their first international in-person workshop in Munich on May 11, 2025. The event will guide participants through pineal activation, Third Eye opening, and vibrational alignment for higher timeline embodiment.

Advocates for High-Frequency Children

NOCCI and ERIC also emphasize the importance of supporting high-vibrational children, especially those struggling with school refusal, anxiety, or depression. “These children are not sick,” says NOCCI. “They are vibrationally gifted. What they need is energy work—not medication.”

Their mission includes making energy work part of daily life, expanding intuition education, and creating multidimensional learning spaces where these children can thrive.
