

Trikke Positron 72V XL: Advancing Police Patrol with Efficiency and Sustainability

BUELLTON, CA, UNITED STATES, April 2, 2025 /EINPresswire.com/ -- Law enforcement agencies across the country are embracing cutting-edge technology to enhance mobility and response times. The Trikke [Positron 72V XL](#), the latest all-electric personal patrol vehicle, is setting a new standard for police operations. Designed for speed, agility, and sustainability, this high-performance three-wheel electric vehicle is transforming the way officers patrol urban and high-traffic environments.

Norfolk Police Department, VA

Powered by a 72V lithium-ion battery, the Positron 72V XL reaches speeds of up to 40mph, providing officers with a rapid response capability that outperforms traditional patrol bicycles and even some squad cars in dense city areas. Its unique articulated frame allows for great maneuverability, enabling officers to navigate through crowds, sidewalks, and tight spaces with ease.

“

The Trikke Positron 72V XL gives our officers a tactical advantage in areas where traditional vehicles can't go.”

Sergeant Ashton, Norfolk Police, VA.

Beyond speed and agility, the Positron 72V XL is eco-friendly and cost-effective. With zero emissions and minimal maintenance costs compared to gas-powered motorcycles or SUVs, departments can reduce their carbon footprint while maximizing efficiency.

Why Trikke?

- Faster Response Times – Cut through traffic, bypass barriers, and reach the scene quicker
- Elevated Visibility – Stand tall and be seen above crowds for better presence and safety
- Boosted Engagement – Officers are more approachable and community-friendly

- Cost Efficiency – No gas, minimal maintenance, and fewer vehicle costs
- Quick to Learn – Mastered in minutes, deployed immediately
- All-Terrain Confidence – Built rugged to perform indoors and out

[Trikke patrol vehicles](#) are redefining mobility in law enforcement and security.

Police departments nationwide are already integrating the Trikke Positron 72V XL into patrol fleets, improving public safety and community engagement.
