

Just as Spring 'Wakes Up Landscapes to Beauty,' It Can Be an Energizing Source to All, Says Late Psychotherapist

Dr. Noomen's copious writings about spring and "fresh starts" — and a myriad of other subjects — fill his website, www.wordsforall.org.

LOS ANGELES, CA, UNITED STATES, March 31, 2025 /EINPresswire.com/ -- The late [Dr. Pieter Noomen](#), a psychotherapist who worked in suicide prevention and hospice and served as a senior minister for various Protestant churches, wrote at length about spring and the essence of new beginnings through the eyes of a deity whom Dr. Noomen said called Himself/Herself (non-gender specific) "I AM."

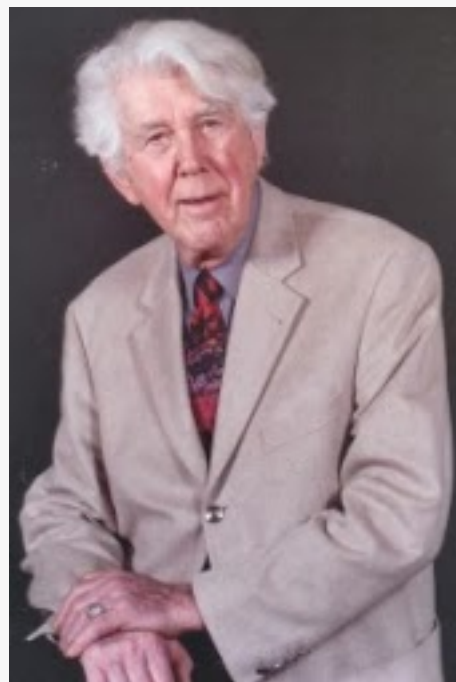

Dr. Noomen left behind a vast amount of inspirational writings on his website, www.wordsforall.org, and they remain free for anyone to access at any time. Many of the writings were conversations that Dr. Noomen said were spoken to him directly from I AM. Here are some brief examples from those writings that pertain to the spring season in I AM's own words:

"The Southern Hemisphere starts the winter, while the Northern part of our globe welcomes the spring. Going through cycles is part of earth's nature

... Each cycle has its challenges. Smartly adjusting to those makes life safer and richer."

Inspirational writings about spring and the essence of new beginnings can be found at www.wordsforall.org.

Minister and licensed psychotherapist Dr. Pieter Noomen

"You ignite lust for life, like the spring here wakes up landscapes to beauty."

"The river of life does not flow in from the outside. Its spring, love, is in you all!"

"The spirit part is the ever-effervescent spring, inspiration and energizing source of, as well as the joyful participant in, everything happening."

An example of Dr. Noomen's [Wisdoms of the Week](#), available on his website www.wordsforall.org:

"Spring, holding a newborn, being cured and, yes, waking up after sleep, is the miracle of new life. It happens everywhere. We can include in this list every time we feel and know we are in contact with the full real Reality. It is a wonderful 'miracle'."

About Dr. Pieter Noomen
