

Levridge and Boyer & Associates Announce Strategic Partnership to Transform Agribusiness Operations

Empowering agribusinesses with modern, cloud-based technology and ag expertise to drive operational efficiencies and sustainable growth.

FARGO, MN, UNITED STATES, March 31, 2025 /EINPresswire.com/ -- [Levridge](#), a leading provider of modern accounting and business solutions for the agricultural industry, is excited to announce a strategic partnership with [Boyer](#), a Certified Microsoft Solutions Partner with over 30-years experience in enhancing productivity and ROI within the agribusiness, manufacturing and distribution sectors. By combining Levridge's industry-specific solutions with Boyer's implementation expertise, the collaboration aims to deliver unparalleled value to customers.

Driving Innovation and Growth

The partnership between Levridge and Boyer is founded on a shared vision of empowering agribusinesses with innovative technology and exceptional support.

"We are thrilled to partner with Boyer and maximize their experience as one of the top 5% of Microsoft partners taking clients to the cloud", said John Melland, CEO of Levridge. "This partnership will enable us to provide our clients with comprehensive solutions that address their unique needs and drive accounting and operational efficiencies. Together, we are committed to transforming the agribusiness landscape and helping our customers achieve their goals and lay the foundation for the future."

Catherine Dean, President of Microsoft D365 Finance and Supply Chain Management at Boyer, echoed this sentiment: "Partnering with Levridge allows us to offer our clients modern solutions that are specifically designed for the agribusiness industry. We are excited to work together to deliver exceptional value and support to our clients, helping them navigate the complexities of their operations and achieve sustainable growth."
