A powerful March: Dr. Vicki Wright Hamilton debuts her film, leads in Paris, and inspires across media, business, and global stages.

ATLANTA, GA, UNITED STATES, March 31, 2025 /EINPresswire.com/ -- Dr. Vicki began the month in Paris, delivering a keynote at the WYN Conference on International Women's Day (March 8) to a global audience of changemakers and leaders. Her message centered on legacy-building, self-definition, and leadership through personal truth.

Dr. Vicki Wright Hamilton — CEO, Strategic Business & Leadership Coach, Speaker, Author, and Director — known for helping leaders and entrepreneurs grow with clarity, confidence, and strategy.

She was also featured as the March cover story of [Speakers Magazine](#), which spotlighted her work as a transformation strategist and business coach helping executives and entrepreneurs grow through innovation, purpose, and confidence.

March, during Women's History Month, reminded me that true leadership is about visibility, service, and creating space for others to rise."

Back in the U.S., she facilitated a private executive leadership [workshop](#) for Cisco titled "Building Executive Presence and Owning Your Superpower." The session equipped leaders to identify their strengths, refine how they show up in high-stakes meetings, and align influence with intention. The experience bridged her Unstoppable You and Digital Disruptor pillars, showcasing her approach to helping organizations develop confident, strategic leaders.

On March 20, Dr. Vicki premiered her debut documentary, *Diary of Successful Black Single Mothers*, a powerful exploration of resilience and identity through the lens of motherhood. The film centers real stories from women navigating work, family, and visibility with strength and vulnerability. The premiere was met with standing ovations and wide praise.

The following day, on March 21, she released the companion anthology book by the same name — *Diary of Successful Black Single Mothers* — now available on Amazon. The book gives written voice to the women featured in the documentary, creating a powerful platform that blends storytelling, reflection, and legacy.

Just before the premiere, *Rolling Out Magazine* profiled Vicki's work on the project, celebrating her impact as an executive producer and creative visionary.

On March 22, she debuted her first board game, *Decisions Decisions™*, at WIT YOPro Night — sharing the game with the Women in Technology community. The game empowers players to navigate real-world workplace scenarios in business, personal, leadership, and financial growth zones. The event was met with strong enthusiasm and helped launch the game's next phase of development.

Capping off the month, Vicki was named one of The 10 Most Influential Women Business Coaches to Watch in 2025 by *Insight Magazine*, honoring her work helping entrepreneurs and executives scale their businesses and navigate transition with strategy and focus.
