

Chartered Institute Launches the Certified Australian International Tax Planning and Structuring Manager (CTM™) Program

Chartered Institute Launches the Certified Australian International Tax Planning and Structuring Manager (CTM™) Program for Financial Professionals

SINGAPORE, SINGAPORE, April 16, 2025 /EINPresswire.com/ -- The [Chartered Institute of Professional Certifications](https://www.charteredcertifications.com)

“

We are excited to introduce this program to support a new generation of leaders who are ready to manage international tax challenges with confidence and integrity.”

Bok Yan Lo

(www.charteredcertifications.com), a globally recognized authority in certified executive programs and professional development, is proud to announce the launch of its latest certification offering, the Certified Australian International Tax Planning and Structuring Manager (CTM™) program. Developed in collaboration with distinguished international tax advisors and corporate structuring specialists, this program is tailored to empower financial professionals with the advanced knowledge and practical expertise required to navigate the complexities of cross-border tax

planning within the Australian regulatory landscape.

The CTM™ program is launched in response to the growing need for professionals who can strategically manage international tax obligations, optimize corporate structures, and ensure full compliance with Australia's evolving tax rules. With global business environments becoming increasingly complex, the CTM™ program equips participants with actionable insights and strategies to thrive in roles that demand in-depth understanding of international tax treaties, controlled foreign company (CFC) rules, transfer pricing, and cross-border structuring.

The comprehensive curriculum of the CTM™ program includes critical topics such as Australia's international tax framework, Double Tax Agreements (DTAs), transfer pricing compliance, anti-avoidance rules, and the tax treatment of cross-border mergers, acquisitions, financing, and intellectual property planning. Delivered through a blend of theoretical instruction and real-world case studies, the program offers practical application of concepts essential for multinational corporations, tax advisory firms, and financial institutions.

“Strategic international tax planning is now a business imperative in a globally connected economy. The CTM™ program is designed to give professionals a competitive edge in understanding and leveraging Australia’s tax structures to optimize international operations,” said Bok Yan Lo, Managing Director of the Chartered Institute of Professional Certifications. “We are excited to introduce this program to support a new generation of leaders who are ready to manage international tax challenges with confidence and integrity.”

Held to the highest standards of academic and professional excellence, the CTM™ program is internationally recognized for its depth, relevance, and rigor. Upon successful completion of the program and passing the examination, participants will be awarded the prestigious CTM™ designation, a globally respected credential that certifies their expertise and proficiency in international tax planning and structuring specific to the Australian context.

For more information about the CTM™ program and to register, please visit the following website:
