This unique event brought together women from across the globe for three days to culminate Women's History Month 2025. The goal was 72 hours, which turned into 84 hours of nonstop learning, networking, and transformation.

Over the course of 72 continuous hours, attendees engaged in keynote speeches, interactive panel discussions, business showcases, and networking opportunities, all designed to educate, empower, and equip women with the tools to elevate their careers, businesses, and personal growth.

"I wanted to do something epic for Women's History Month, unprecedented, that has never been done before." said Dr. Tina D. Lewis, Founder & CEO of Global Women Speakers. "We refused to let time zones be barriers to knowledge and empowerment. This summit provided 84 hours of non-stop transformation, proving that when women come together, there are no limits." "This

Breaking Barriers & Creating Opportunities

One of the summit's core missions was to equip women not just with inspiration but with tangible income-generating strategies. Through the 'Earn' component, participants learned how to monetize their expertise, create digital products, and leverage speaking opportunities to build sustainable wealth. Several attendees reported securing high-profile collaborations and speaking engagements within hours of participating in the event.

Global Women Speakers has long been at the forefront of creating spaces for women to be seen, heard, and paid. The Empower, Educate, Equip & Earn Summit was a monumental event that united women in the shared mission of economic empowerment and visibility.

“This is what Women’s History Month is all about—women coming together, lifting each other up, and rewriting the narrative,” said one attendee. “I’ve attended countless conferences, but nothing has come close to this experience. I walked away with new business partners, a refined vision, and the confidence to step into my next level.”

As the first-ever 72-hour non-stop summit, this event has set the stage for future high-impact global experiences that push the boundaries of how women connect, collaborate, and create success.
